# US Army, contractor, frame new ammo plant job picture

**RUN-OFF OPPONENTS** - Edward Murtagh, Jr., right, and Clarence V. Lee, shake hands Saturday night as final ballots from Crane Creek precinct were being tallied in assessor-tax collector special election. Murtagh received 1531 votes and Lee 848 - to place him second in a field of seven. Run-off is Saturday, Feb. 25. Special election is to fill the vacancy created by Dec. 31 resignation of veteran assessor-tax collector George Heitzmann. Complete election returns on page 12A. (Staff Photo - Ellis Cuevas)

by JAKE JACOB  
Hancock County could be the source of 1000 or so people needed by the U.S. Army to man the production lines of their new ammunition plant to be built on the north end of NASA-NSTL's fee simple area, albeit the requirement will not be for a few years.

Along with these people will be a requirement for such blue collar types as plumbers, electricians, maintenance personnel, and so forth, needed to keep the \$400 million plant in operation.

Known as the Mississippi Army Ammunition Plant (MAAP) 150mm M483, ICM project, the facility will produce the 155 millimeter artillery projectile, part of the Army's effort to modernize its conventional warfare capabilities.

Details of the hiring requirements were given Monday evening, at a Chamber of Commerce sponsored session in the County Courthouse when representatives of the plant, and its construction-operations force, were on hand at the county courthouse to talk to members of the chamber; the county supervisors, representatives of the cities of Bay St. Louis and Waveland, and the Governor's MIDAS committee who adjourned their regular session to participate.

Present from MAAP were: Major Jerome Dondlinger, plant commander; Major John Soron, project manager, coordinator; Ken Cole, manager, Mason-Chamberlain, general contractor and operator.

Richard Thomas, president, Hancock chamber, opened the meeting, cited the format, and turned proceedings over to the Army.

Plant Commander Dondlinger gave an overview of the immediate action plan, stating the Corps of Engineers in Huntsville is responsible for overall construction bid letting; and that he expected there would be approximately 900 contractor employees on site at peak construction.

He also explained that when at full production he doubted the Army would have more than 50 people, the balance of the force being under the guidance of Mason-Chamberlain, the operating contractor.

Speaking for the Mason-Chamberlain group, Cole tackled the difficult task of outlining personnel requirements, along with the hiring role his company

would play.  
Cole again stressed the expanded time frame required for construction, some five years, and said his initial requirement would be for mechanical, chemical, and metal engineers.

He said that once the plant arrives at a stage readiness to permit the hiring of production line people, training programs would be initiated and these, as will all possible, jobs made available to the community.

Of the 1500 estimated requirement at that time, he indicated no more than 100 - 150 would represent the maintenance and housekeeping force, the balance

being involved in actual manufacturing.

Cole indicated that unlike NASA-NSTL hiring in the past the educational level needed by production line personnel would be such that most people could qualify.

Responding to questions as to how people could apply, for any or all the Mason-Chamberlain positions, Cole was augmented in his response by members of the Mississippi Employment Service also present at the session. This delegation was led by Frank Barron, area supervisor, Area 3, MES.

Mason-Chamberlain is located in Piquette. The main emphasis of employment questions concerned the feasibility of their opening an office in Hancock County to handle such things as employment, as opposed to persons having to "take their chances" at the local job service office.

The reliance on MES in the past, according to questioners, had resulted in more placements being made in NASA-NSTL positions from the Piquette area than from Hancock County, location of the base.

## Roof fails on Waveland School; classrooms, halls feel effects

by EDGAR PEREZ

A "rapidly deteriorating" roof on the six-year-old Waveland Elementary School is dumping rain water into classrooms, leaving the Bay St. Louis Municipal Separate School District faced with a \$30,000 repair bill.

School Architect Fred Wagner revealed the development of "serious leaks" in the Waveland Elementary roof at a school board meeting Monday night.

"I've never seen this type of situation before in all my years as an architect," Wagner said.

"We are faced with rapid deterioration of the asphalt-impacted felt covering," Wagner told board members.

"We can't really give an explanation," Wagner continued, adding, "we would expect this roof to last 20 years."

The architect said a manufacturer's bond covers the roof for 20 years, but limits that company's liability to \$2,370.

"The idea of replacing this roof in six years is just something I've never run into before," Wagner said.

"We are considering other options," Wagner stated in explaining he and School Board Attorney Lucien Gex are exploring avenues of negotiation and court action, if necessary, to determine if contractor, sub-contractor and manufacturer can be held responsible.

"The worse option," Wagner said, "is to install a completely new roof," with a \$28,000-\$30,000 cost to be borne by the school board.

"I can't come to you in good conscience and tell you we should spend \$10,000 on patching this roof and have it fail again next year," he told the board members.

"Unless we can get Bird (roofing materials manufacturer) in on the basis of protecting its reputation, this is a situation where we can't wait for court procedures," Wagner pointed out.

Waveland Principal James D. Baldree said "later leaks" now have damaged some 19 acoustical ceiling tiles throughout the school.

"We were really worried during the heavy rains last week when water started coming in through the library ceiling-with carpeting and all those books in there," the principal said.

"Fortunately only a few drops fell through in there," he continued.

Following a brief rain Sunday night,

## Armed robbers hit county; one lost in Devil's Swamp

by EDGAR PEREZ

Three persons accused of armed robbery remained at large in Hancock County late Wednesday and six others faced a variety of charges following a series of unrelated incidents which kept law enforcement officers busy through the week.

Two young men, estimated to be between 20 and 25-years-old, made good their escape after staging an armed robbery of the Bay St. Louis Winn-Dixie supermarket about 6:20 p.m. Sunday.

Bay Police Chief Douglas Williams

said an intensive search remains underway for the pair who reportedly got away with \$700 to \$1,000 in the caper.

Williams said the men are both black, one light complexioned with stocky build and the other dark and slender.

The chief said the slender man is described as between six feet-one and two inches tall, weighing between 160 and 170 pounds. He was wearing a knitted cap.

The other man is described as five feet-nine inches tall, weighing 190

**LOCAL TEAM** of architect and engineers designed new \$1.2 million wave pool scheduled for construction in Buccaneer State Park. Involved in complicated work which involved considerable problem solving due to nature of terrain at intended construction site, here discussing final plans, from left, are: William R. Piquette, architect; Fred Wagner of Bay St. Louis, consulting mechanical engineer; Neill Jeffrey of Waveland, consulting structural engineer. (Staff photo, Jake Jacob)

## Save The Bay delighted with DuDe hearing delay

by EDGAR PEREZ

The U.S. Army Corps of Engineers has postponed for one month a public hearing on the proposed DuDe Railroad from Gulfport to the Dupont plant at Delisle.

The hearing, originally scheduled for 7 p.m. tonight, has been reset for 7 p.m. Thursday, March 16, in Room One, Westside Community Center, Gulfport.

The postponement has been cited as "a great step forward" by Cyril Laan of Metairie, chairman of the environmentalist group Save The Bay.

"The Corps of Engineers realizes too much environmental damage will be caused by the original route proposed by Dupont and is now planning a new route, trying to avoid the most fragile portions of the involved forest-river-

swamp wildlife habitats and ecosystems," Laan said.

"We must continue to fight to make Dupont move by truck and not by rail," the environmentalist stated.

The Corps reported the "hearing has been delayed to allow adequate time for the public to review and comment on revised plans proposed by Southern Mississippi Transportation Company...involving relocation of the proposed route across Wolf River and DeLisle Creek, as well as a trestle across Turkey Creek."

The transportation company is a Dupont subsidiary which is to construct and operate the 13.5 mile railroad spur.

## Likely major tourist attraction

# \$1.2 million wave pool bids sought; local triumvirate completes design

by JAKE JACOB

Bids on the \$1.2 million wave pool, scheduled for construction at Buccaneer State Park, Waveland, will be opened March 14, according to Fred Wagner, architect.

Wagner said this week that construction could begin by April 15, with the facility ready for public use in the

spring of 1979.

Earlier this year, the State Building Commission advised Col. T.P. Edwards, executive director, Mississippi Park Commission, it intended to let the building bids.

Edwards reportedly said, following that announcement, "I am sure this is our last hurdle, and I feel safe in saying we now will have this pool at the Buccaneer State Park in 1979."

Wagner said Tuesday that a team of local professionals had joined forces to create the pool at Buccaneer, with himself as prime professional.

Consulting mechanical engineer is William R. Piquette of Bay St. Louis, who designed the plumbing, piping, and mechanical systems, and the complex water filtering system.

Consulting structural engineer is Neill Jeffrey of Waveland, who designed the foundations and pool tank, and other structural portions to withstand wind and waves.

The three men responsible for its design will be responsible for construction inspection.

In explaining the decision to construct the wave pool at Buccaneer, Wagner said the Mississippi Park Commission decided in 1974 to construct a large swimming pool in the park and he was awarded a contract to design the facility.

Prior to commencement of preliminary work several members of

the commission, led by the then chairman Perry Gibson of Bay St. Louis, had visited a new "wave activated" pool in Decatur, Alabama, and thought such a facility would be ideal for Buccaneer.

The State Building Commission agreed.

Wagner then visited the Decatur pool, then the only one of its type in operation in the U.S. though now eight are either under construction or in

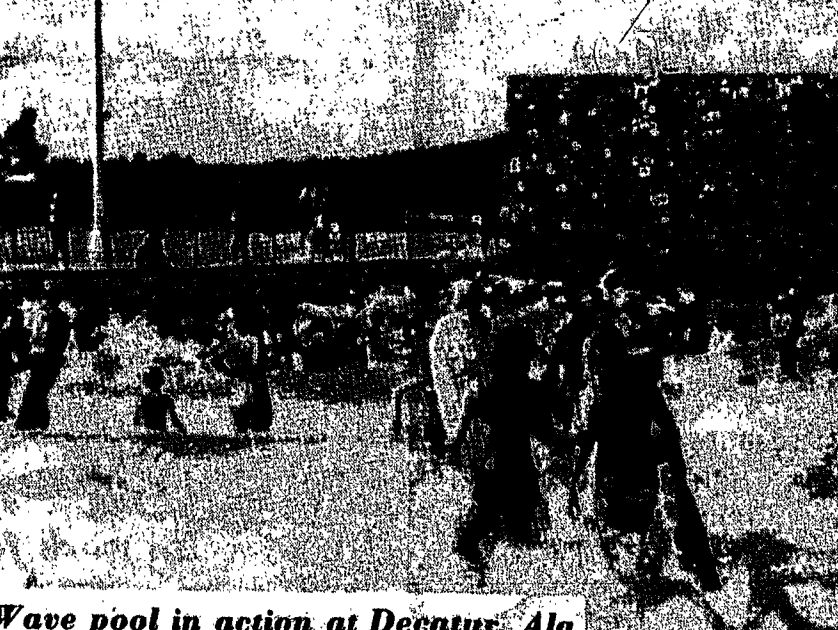

operation.

Prior to his visit Wagner said his thoughts had been, "Why make waves artificially when you have the real thing a few hundred yards away at the edge of the beach?"

"I had a complete change of view upon seeing the pool at Decatur in operation."

"My first impression was, 'You damned fool - you left your bathing suit

(WAVE POOL - Page 5A)

## Fire and water planned in Kiln district meeting

State Insurance Commissioner George Dale will join representatives of the Farmers Home Administration and the board of commissioners of the newly-formed Kiln Fire and Water Protection District at a public meeting set for 1 p.m. Saturday, March 4, at Kiln's new fire house.

Regulations affecting residents of the district as well as attendant costs will be discussed, according to Billy Sills, board secretary.

William Frisbie, commission attorney, said thrust of the meeting will be to "convince the people that the time to move ahead on this project is now."

"We will never be able to get a

## Obituaries

**SADIE N. BONNECARRERE**  
Funeral services for Mrs. Sadie N. Boncarrere, 85, former resident of Clermont Harbor, were held at Winbourne Avenue United Methodist Church in Baton Rouge, La., Thursday, Feb. 2. Burial was in Blackwater Cemetery.

A native of Matthews, La., and resident of Baton Rouge, she died Tuesday, Jan. 31, at her residence. She was a member of Winbourne Avenue United Methodist Church, Mystic Star 108 Order of Eastern Star, and Order of the White Shrine of Jerusalem No. 4 Order of Eastern Star.

Survivors include five daughters, Mrs. Francis Lawton of New Orleans, Mrs. J. A. (Juanita) Mayville, Mrs. Kenneth E. (Sadie Ruth) Taylor and Mrs. C. C. (Nellie Mae) Cox, all of Baton Rouge, and Mrs. Tucker (Joyce) Campbell, Alexandria, La.; three sons, C. J., John P., and Donald B. Boncarrere, all of Baton Rouge; two sisters, Mrs. James A. Janin, New Orleans, and Mrs. Monroe Garcia, Lakeshore; one brother, Milton Stoufflet, also of Lakeshore; 17 grandchildren and 12 great-grandchildren. She was the wife of the late Rev. J. P. Boncarrere and mother of the late Lieutenant Filbert P. Boncarrere.

**EVELYN COOPER**  
Funeral services for Mrs. Evelyn Marie Cooper, 52, were held Monday at Riemann Funeral Home Chapel in Long Beach with burial in Poplarville.

Mrs. Cooper, a resident of 297 N. Burke Ave., Long Beach, died Friday in Gulfport Memorial Hospital. She was a native of Leland, Iowa, a resident of Long Beach for the past 15 years, and a member of the World Wide Church of Christ in Hattiesburg.

Survivors include her husband, Eugene Cooper, of Long Beach; a son, Cecil Friesenborg of Peoria, Ill.; a daughter, Mrs. Patricia Smith of Long Beach; parents, Mr. and Mrs. Fred Alphas of Thompson, Iowa; two brothers, Paul and Ronald Alphas, both of Kiester, Minn.; five sisters, Mrs. Ann Buchanan and Mrs. Phyllis Bellard, both of Mason City, Iowa, Mrs. Sandra Steenblock of Goodell, Iowa, Mrs. Winifred Smith of Poplarville, and Mrs. Wanda Fayared of Long Beach.

**JOHN STRMIC**  
A funeral mass was celebrated Tuesday at Edmund Fahey Funeral Home Chapel for John Kresimir Strmic, 63, of Bay St. Louis. Burial was in St. Mary's Cemetery.

He died Sunday at his residence, 706 Hancock St. He was a native of Chicago, Ill., and a resident of Bay St. Louis for the past 20 years. He was a security guard at the Broadwater Beach Hotel in Biloxi and a member of Our Lady of The Gulf Catholic Church.

Survivors include his sister, Mary Petrovic of Bay St. Louis.

**FELIX "BILL" LADNER**

Felix "Bill" Ladner, 78, Rt. 2, Box 152, Perkinston, died Monday at Crosby Memorial Hospital, Picayune.

Funeral services were Wednesday at McDonald Funeral Home Chapel in Picayune followed by burial in Necaise Crossing Cemetery.

He is survived by his wife, Mrs. Ethel Ladner of Perkinston, seven sons, Nolan Ladner of Picayune, Houston Ladner of Purvis, Kenneth Ladner of Jackson, Eugene Ladner, J.C. Ladner, Roy Ladner, Carl Ladner, all of Necaise Crossing; one daughter, Mrs. Ina Flynt; two sisters, Mrs. Luvenia Saucier and Mrs. Elvenia Lavinghouse, both of Necaise Crossing; 21 grandchildren, and four great-grandchildren.

**MRS. BEVERLY EARLINE BOURGEOIS**  
Mrs. Beverly Earline Bourgeois, 34, a resident of 123 south Lang Ave., Long Beach, died Monday at Memorial Hospital in Gulfport.

Mrs. Bourgeois, wife of James H. Bourgeois, was born July 23, 1943, in Atlanta, Ga. She had lived in Long Beach for the past 15 years. She is a member of the First Baptist Church in Long Beach and was a member of the Women of the Moose, and was a past senior regent.

In addition to her husband, she is survived by four sons, Jimmy T. Bourgeois and Kenneth Bourgeois both of Long Beach, and Terry F. Bourgeois and Charles Wayne Bourgeois both of Sumter, S.C.; three daughters, Miss Janice Bourgeois of Long Beach, Mrs. Deborah Ann Krumacker of Rapid City, S.D. and Miss Monda F. Bourgeois of Sumter, S.C.; her parents, Mr. and Mrs. Harry Bradshaw of Long Beach; one brother, Harry Bradshaw Jr. of the U.S. Navy; one sister, Mrs. Anna James of Gulfport, and three grandchildren.

Funeral services are at 10 a.m. today from the Riemann Funeral home chapel, Long

Beach, with the Rev. Bill Duncan, pastor of the First Baptist Church in Long Beach, officiating. Burial will be in Resthaven Memorial Park.

**MISS CAROLYN MOORE**

Miss Carolyn Moore, 29, 208 Easy St., Bay St. Louis, died Monday at 2:10 p.m. in Hancock General Hospital at Bay St. Louis.

Miss Moore was born Nov. 26, 1947, in Bay St. Louis and was a member of St. Rose de Lima Catholic Church.

The body is at Hall Funeral Home in Gulfport.

## Chamber joins governor in tourist day

Income from tourists visiting the State of Mississippi represents approximately 10 percent of the state's total revenue, according to the Hancock County Chamber of Commerce.

In a release Monday, the chamber said the amount contributed to the state's economy by tourists is sufficient to pay the salary of over 7000 teachers for one year.

Governor Cliff Finch, in recognition of the tourist's value to Mississippi, has set aside today, Feb. 16, as tourist recognition day, the chamber said.

## Tide alumni to organize

An organizational meeting of University of Alabama alumni is set for 7 to 9 p.m. Saturday at the Hide-A-Way Lake Lodge in Picayune.

Alumni of the university are invited. Representatives of the national alumni office will attend.

Filmed highlights of the Tide's 1977 football season will be featured. Friends and

For reservations, call Burden Morrow at 789-2940 or Ed Darling at 789-4766 or 789-7127.

## MANY THANKS

Words cannot express my sincere appreciation for the wonderful vote and support given me in my bid for Hancock County Assessor-Tax Collector.

### ADVERTISEMENT FOR BIDS

Sealed proposals for Three Construction Projects for the Bay Saint Louis Municipal Separate School District will be received by the School Board until 2:00 P.M. on MARCH 6, 1978 at the office of the Superintendent at Bay High School on Blue Meadow Road, Bay St. Louis, Mississippi at which time and place all proposals will be opened and read aloud.

Three separate projects are involved, but only one bid form will be used.

Project A: consists of construction of a new food service building at Bay Junior High School (estimated cost - \$200,000.00).

Project B: consists of renovations and new construction at North Bay Elementary School (estimated cost - \$20,000.00). This work can run concurrently with Project A.

Project C: consists of renovations to the present food service area of Bay Junior High School (estimated cost - \$18,000.00). This work cannot begin until Project A is completed. A bidder may bid any one project or all three projects. Each project has alternate associated with that project.

Plans and specifications are on file in the office of the Owner and of Fred Wagner Architect, 342 Main Street, Bay Saint Louis, Mississippi. Copies of documents may be obtained from the Architect upon deposit of \$40.00 for each set. Upon return of complete, unutilized sets within 20 days of the date of bid opening refunds will be made as follows:

100 percent - refund on first set to bidding contractors.

50 percent - refund on all other sets.

Proposals must be submitted on business letterhead, in triplicate, as set forth in Form of Proposal.

Proposals must be accompanied by a bid security in the amount of 5 percent of the bid in the form of a bid bond or in the form of a certified or cashier's check made payable to the Owner.

The successful bidder will be required to furnish a performance bond in the amount of 100 percent of the contract amount at the time of the signing of the contract.

All bidders must hold a Certificate of Responsibility and State Contractor's License as and if required by law and both numbers shall appear on the proposal and on the outside of the sealed envelope.

No proposal may be withdrawn within thirty days after bid opening.

The contract will be awarded to the lowest qualified bidder if sufficient funds are available. The Owner reserves the right to reject any and all bids and to waive any informalities.

Mrs. Joseph W. Gex, President, Board of Trustees, Bay Saint Louis Municipal Separate School District, J. D. McCulloch, Superintendent.

for the project. Charles Hill, Burk and Associates representative, said after the meeting that one of the reasons for such high bids were the aluminum hand rails, requested by state and federal officials.

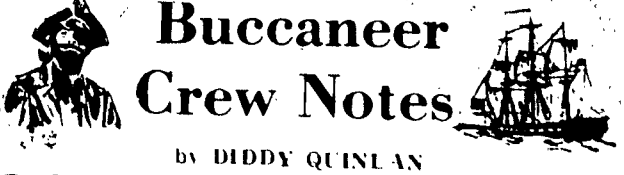

In other action council approved payment in the amount of \$2,675 to Williams Paving Company for the completion of Phase One of the overpass.

Request was also made by Williams Paving Company in the amount of \$4,908.38 for part payment on the Main Street renovation. A statement said that work has

reached a 30 percent completion with this amount and previously drawn funds totaling 27 percent of the \$148,707.34 contract. Council approved the request and also payment of \$380.52 to Burk and Associates for engineering fees on Phase Two of the same project.

Following Hancock County Board of Supervisors and the City of Waveland, council granted a temporary franchise to Colosseum Corporation for installation of Cable TV in Bay St. Louis.

All councilmen were present with the exception of councilman Fred Wagner.

## Buccaneer Crew Notes

by DIDDY QUINLAN

### MARDI GRAS

What a "Krewe" we had out here for Mardi Gras! A large number of New Orleanians left that city for the quiet haven of our park; while a large number of out-of-staters camped here and commuted daily to the Mardi Gras. One camping club from New Orleans came here to stage their parade. Queen Mary Breaux reigned over the parade and a subsequent supper. What this krewe lacked in extravagance they compensated for in enthusiasm. We're always glad to see people use our park respectfully while enjoying themselves greatly.

### WEEKLY CLASSES

Although bad weather has drastically cut attendance at our weekly classes, they are still on-going. However, if participation continues to be low, the exercise and flower arranging class will be rescheduled for a period of nicer weather, around April 3. Because the basketry class does not require outdoor work, we will continue that at our regular 7:30 p.m. Wednesday meetings. Jennifer Smith, our instructor, has been offered a display case in the City-County Library in which to show our class products. If you are interested in basketry, view our handiwork at the library in a few weeks. Then come join us.

### FINAL NOTE

On one last note, I'd like to say that we really enjoyed talking with all the people who came to vote at the polling precinct here at Buccaneer. Many people who had never before been to the park came here to vote and were very impressed with our facilities. We have a fine park here of which Gulf Coast residents can be proud.

## Savor Flavor of Olive Chicken Dish

Envious of your gourmet cooking friends? You, too, can easily prepare a dish that's unusual yet uncomplicated. This Chicken Espana, blending the tang of Spanish stuffed green olives with new potatoes, artichokes and chicken pieces, is a gourmet meal-in-one-dish. As a convenience-extra, most of the ingredients used, are right off the supermarket shelf. Look for the Spanish green olive man symbol on caps or label of jars, to be sure you're buying authentic stuffed green olives from Spain. The olives that add a special flavor and color to any menu.

### SPANISH GREEN OLIVE CHICKEN ESPANA

(Makes 4 servings)

- |   |  |
|---|--|
| 2 1/2 pounds broiler-fryer chicken parts    | 1/2 cup red Burgundy wine  |
| 2 tablespoons olive or salad oil            | 1/2 cup water  |
| 1 pound small new potatoes, 1 teaspoon salt | 1 tablespoon flour   |
| 1/4 teaspoon pepper                         | 1/2 cup sliced Spanish stuffed green olives  |
| 1/4 teaspoon thyme leaves, crushed          | 1 package (9 ounces) frozen artichoke hearts, cooked according to package directions |
| 2 tablespoons catsup                        |  |

Brown chicken on all sides in hot oil in Dutch oven. Meanwhile, pat about a 1-inch strip of peel from center of potatoes. Remove browned chicken from skillet and set aside. Add potatoes and saute until browned. Mix seasonings, catsup, wine, water and flour together in small bowl. Stir flour mixture into drippings in Dutch oven with potatoes; bring to a boil. Add chicken and olives; cover and cook over low heat about 45 minutes, or until chicken and potatoes are tender. Add artichoke hearts; spoon some of gravy on top.

## School floods...

at least one classroom had to be mopped prior to the start of classes Monday, the principal reported.

"Looks like the taxpayers get it again," commented board member Jean Townsend of Waveland after Attorney Gex reported prospects of recovering a judgement through the courts are not too promising.

Wagner said following inspections by Van Schultz, a local roofer, and other experts, "They are all convinced this roof must be replaced."

The architect told the board he has maintained a stream of correspondence and telephone calls during the past three months attempting to secure satisfactory solution to the roofing problem with general contractor Claude Hogan Construction Inc. of Waveland; roofing sub-contractor Wimsboro Roofing of Wimsboro, La.; and, Bird and Son, Inc., roofing materials manufacturer with division offices in Shreveport, La.

Wagner said specifications called for a "GAF" roof on the school, "or its equal," and the roofing contractor supplied the Bird roof as an equivalent of that called for in the specifications. "And the roof is quite close to what they said they would put on," Wagner continued.

A sample of the roof covering, approximately one foot square, was sent to Bird for analysis "two or three months ago," Wagner explained, "and they said they could find nothing wrong with it."

Two or three weeks ago, the architect went on, another sample, approximately ten feet square, was sent to the manufacturer who at that time reported the roof "was not properly installed."

Wagner said he and the board's attorney would continue to pursue the matter this week.

Wagner and Gex presented a consensus the board might consider replacing the roof at its own expense, and hope for a favorable settlement of the issue in the courts later.

Also at this week's meeting, the board approved final plans on a \$214,000 lunch room to be constructed at Bay St. Louis Junior High School.

Superintendent of Schools J. D. McCullough Tuesday submitted legal advertising to the Sea Coast Echo calling for bids on the project to be opened at 2 p.m. Monday, March 6, at the board meeting room at the Senior High.

Wagner said the State Health Department and the State Department of Education's Educational Finance Commission have approved the plans.

The architect expressed his relief at getting final approval from the board on the project.

"The first preliminary plans I did on this job was nine years ago," Wagner noted.

Wagner associate Jules Lagarde told board members a single bid submitted on construction of a roadside sign for the Senior High was "a good price."

The board subsequently accepted the offer from Carl J. Heitzmann of Bay St. Louis to construct the sign in 90 calendar days at a cost of \$1,785.

Contracts for administrators for the 1978-1979 school year were approved by the board.

The returning administrators include Donald Caldwell, assistant superintendent; Robert Magee, principal, Bay Senior High; Frank Ladner, assistant principal, Bay Senior High; and W. J. Cameron, principal, Bay Junior High.

Also, Rogers James, assistant principal, Bay Junior High; Billy Sills, principal, North Bay Elementary; James D. Baldree, principal, Waveland Elementary; and, Wilmer Seymour, physical education and athletic

(Continued From Page 1A)

**RAIN, RAIN, GO AWAY--**Third graders Johnny Stone, and Alecia Pearce survey ceiling damages at one of some 19 places in the Waveland Elementary School where rain water leaks through a "rapidly deteriorating" roof, causing damage to ceiling tiles and accumulating in puddles in some classrooms. Replacement of the roof on the six-year-old Waveland school building may cost as much as \$30,000, according to school board architect Fred Wagner. (Staff photo-Edgar Perez)

director.

McCullough, who has been granted a three-year contract, said administrative salaries will be fixed later following determination of educational pay scales by the State Legislature.

Ms. Townsend called the board's attention to five recommendations among several submitted in the visiting committee Senior High evaluation report of the Southern Association of Colleges and Schools.

Among the five recommendations considered by Ms. Townsend to merit priority attention from the board and its staff is one calling for a written formula for administrative salaries.

McCullough urged all board members to place priorities on the committee recommendations, "and we will take the steps necessary to see they are implemented."

The superintendent said his office is already at work on drawing up a written formula for setting administrative salaries.

Board president Virginia Gex welcomed the board's new attorney, Lucien Gex, replacing Sam Favre who relinquished the post for health reasons last month.

The board took under advisement a request from Mr. and Mrs. Elmer Boyd, parents of a North Bay student judged to have learning disabilities, to provide proper special education classes for the boy.

Board member Robert Hamilton requested the superintendent and his assistant to seek a location for the child in a neighboring school system which provides classes suitable to his needs.

Caldwell said Bay schools will be able to accommodate learning disabled students next year under provisions of Public Law 94-142, a federally-assisted special education program.

**GETTING BALLOT BOXES READY** - Henry Otis, Circuit Clerk, and Jake Morreale, Chairman, Hancock County Election Commission, prepared ballot boxes last Thursday and Friday for Saturday's special election. The job consisted of putting voter registration books, instructions, ballots, signature books, pad, pencils, envelopes and the like, into boxes, all necessary items for each voting precinct. Second primary will be Sat., Feb. 25 between Edward Murtagh and Clarence V. Lee. (Staff photo - Ellis Cuevas)

### CENSUS PREPARATIONS

Gulf Regional Planning Commission is preparing the Geographical Base Files for portions of Hancock County to make possible the mail self-enumeration census technique which has replaced the personal interview method in selected urbanized areas.

## Wave pool...

(Continued From Page 1A)

at home!" "A wave pool attracts people of all ages more than a beach or a regular pool can do."

"There is a very strong urge to get into the water - get into the action."

"The water is crystal clear and the bottom is predictable and the wave intensity is predictable - waves three feet high at the deep end to a bare ripple at the shallow end which is only one inch deep."

Launching into the problems facing the local team Wagner said, "There was much to learn for the architect-engineer team - and many technical problems to be solved."

"Soil conditions at Buccaneer were not good for foundations and the entire pool and equipment structures had to be supported on piles."

"Then, because of hurricane flood threats, the entire pool tank which holds 400,000 gallons of water had to be built above ground and strong enough to withstand the enormous forces of the sloshing action of undulating water."

"The pool filtering system had to be designed in a special way because the wave action tends to remove more than the normal amount of body oils and dirt from the swimmers and the aeration of wave action tends to make the chlorine in the water to evaporate at a greater rate than in regular type pools of comparable size."

The pool is roughly fan shaped and is 180 feet long from deep end to shallow end and is 150 feet wide at its widest part. It is anticipated that an average of 600 people per day will be using the facility once its availability becomes known.

The local team members expressed gratification that local professionals were given the opportunity to provide services on the highly specialized project.

"It is not unusual for 'owners' to assume they have to go 'out-of-town' for expertise when a problem is specialized," they said.

Wagner, Pitcairn, and Jeffrey, agreed that the experience of identifying and working out a method of dealing with difficult constructions problems in general was more important than specific experience in one, narrow area.

Wagner allowed that another local man, Jules Lagarde of Bay St. Louis, had joined the effort since the original team designed the project.

Lagarde, a recent architecture graduate of LSU, has considerable experience in operation and maintenance of swimming pools and will play an important part during the construction phase.

"Architects and engineers so often become weighted down with the technical aspects and the responsibilities of a project there is little room for pure pleasure. One of the most rewarding aspects of this project, for all of us - the state agencies and design team alike - is that the existence of the project is solely for fun and recreation and enjoyment for people - all kinds of people."

"We know the completed project will be a great asset to the community and to the elected officials and public spirited citizens who support it," Wagner concluded.

To be located in that area of the part immediately to the east of the first picnic pavilion after entering the main, west gate, the pool will accommodate 600 and operate from dawn to dark.

Funding for the project is being supplied half from the state government, through tax money, and half from the Bureau of Outdoor Recreation (BOR).

Edwards, while on an inspection trip to Waveland last October, estimated that if there are 1000 people in the park, 500 of them will be in the pool.

Current admission price estimates are \$2.50 per adult and \$1.50 for children to the pool complex.

The complex will include complete changing and rest room facilities, concession area, and sun deck.

"The operation will be self-contained," Edwards said.

Mayor John Longo, Jr. of Waveland indicated at the time of the Edward's visit that the impact brought about by Buccaneer State Park had been a considerable factor in his city growing from 210th position in sales tax rebates for the state to 74th position.

"Buccaneer Park has contributed in great measure to the economic growth of the whole city with every business establishment receiving their share of tourist dollars as people come here to enjoy the facility."

"This wave pool as a tourist attraction is certainly going help keep the momentum going to where each shop owner and business establishment is going to share in the growth and profits."

"There are no city funds involved in either the park, its development, or the proposed new, \$1.2 million wave pool. This is strictly a state enterprise with funding coming half from it and half from BOR," Longo said.

## A tribute to a great lady

A four letter word, love, best describes Mrs. Yvonne Fricke, who left this world last month with the knowledge that she had done her best for both family and "adopted family."

Mrs. Fricke was the manager of the Hancock County Home for the Aged. A position she fulfilled beyond the call of duty. She created a surrounding that made the last years of many a Hancock County resident the happiest of their life.

Grand jury, after grand jury, commended her on the condition of the Home for the Aged. The residents there, under her guidance, lived as one big happy family.

We know there will be those who will say she was paid for the job but, if we all would do the job for which we are paid in the manner in which Mrs. Fricke did hers, this world would be a much better place for us all to live.

Mrs. Fricke's family, "adopted family," and many friends, will always remember her love for her fellowman.

## Opinion/Ellis Cuevas

## Quick action

Our recent monsoon season has taken its toll on the streets of Bay St. Louis, just like the rains and snows have done to the rest of the nation.

A National Television program on Tuesday morning told of the millions of "pot holes" all over our nation, we are told.

Many areas have not been as fortunate as Bay St. Louis. The city's Street department should be commended on their efforts to make temporary repairs, even in the rains.

There are a lot of you who may say it didn't do any good, but you must remember on thing, without the temporary repairs every "pot hole" would have probably doubled in size in no time at all.

We have seen photos from other communities where the holes were a foot deep and half a street wide.

As the water dried up, the placing of blacktop in the "pot holes" kept on top of the problem.

Bay St. Louis has a problem with its street conditions, and we realize that most should be resurfaced, until that time it is good practice to keep them in the best shape possible.

Our streets are sort of like a person with cavities in their teeth - if the cavities are filled they will last a lot longer.

## Guest Editorial

## Lincoln competes with St. Valentine

By JOE PILET

Along the Mississippi Gulfcoast the celebration of Valentine's Day overshadowed the commemorations usually accorded the anniversary of Lincoln's birth date. Valentine art of school children was featured on the front pages of media, grandchildren's pictures appeared in lace frilled hearts, and parties and teas carried the Valentine theme and motif.

The legend of St. Valentine, a martyr, executed on Feb. 14, during the persecution of Roman emperor, Claudius II, was remembered. This happening occurred in the year 270 A.D.

The celebration of St. Valentine's Day tells us that we in America are truly romanticist. A day set aside for expressions of love are certainly in order.

Flags were flown, too in memory of Abraham Lincoln. That is, flown where weather permitted. Some few discussions were slanted toward debunking at least a portion of the Lincoln legend. While Lincoln was, indeed,

born in a log cabin - so were most of the populace of his time. It is said that his education consisted of ability to read, write and cipher to the Rule of Three. This is apparently more than many of our high school graduates of today are capable of doing! Far ahead of his times, Lincoln had a great distaste for the petty rivalry existing between the several branches of the Christian faith. This, perhaps, accounts for the fact that he never joined any church and was never in regular attendance. The Bible was the only book his Baptist parents owned and Lincoln, a man of deep religious feelings, kept the Bible on his desk when he served as President of the United States. He frequently opened it for comfort and guidance.

Shall we strive to erase the slanted bias many Southerners were taught in connection with the Lincoln family? Shall we, then, remember with gratitude The Gettysburg address? The Emancipation Proclamation which freed the slaves? The free mail delivery, the Homestead Act which allowed any settler to obtain 160 acres of public land without charge? And it was in 1863 that the first draft law in the United States history passed. It gave the president authority to take men from 20 years of age through 45 into the service of the country.

Lincoln's words of wisdom might well be applied today: Fellow citizens, we cannot escape history. We will be remembered in spite of ourselves, the fiery trial through which we pass, will light us down, in honor or dishonor, to the last generation."

VICE PRESIDENT WALTER MONDALE, left, shakes hands with State Representative J.P. Compretta of Hancock County, last week in Jackson. Mondale discussed several problems facing Mississippi farmers as well as those confronting the nation as a whole, telling Compretta that both he and

President Jimmy Carter were actively working towards possible solutions. Also in picture, extreme left, is Senator James Eastland, and center, C.B. 'Buddie' Newman, speaker of the Mississippi House.

## Letters to the Editor

## Makes offer on

## Youth Center lot

Editor  
Sea Coast Echo

Much to my consternation and dismay when I returned from a winter vacation trip, I learned that the J.C.'s were planning to build on a small parcel of land on 10th Street between Arnold and Ladner, a community home for children.

I have no objection to supervised amusements and group efforts for children, but it has not proven very practical in the past.

We have a nice quiet little community here and I and 100 percent of our neighbors are against the plan.

As the J.C.'s have already bought this property, I would like to take this opportunity to state if they will get another location more suitable to their purpose, I undertake here to assure them that I and my neighbors will guarantee to take the piece of property off their hands at no cost to them.

Yours truly,  
C.W. Harris  
Rt. 4, Box 104  
Bay St. Louis, Ms.

## Justice or dollars?

Dear Sir:

Time after time I have seen people slapped in the face instead of getting a gentle pat on the back for a job well done. More than once I have been a victim of this injustice myself, and invariably the cause for this abuse is due to either the greed for money or power, or a combination of both.

Now I have come to see a whole city victimized: not only slapped in the face, but stabbed in the back at the same time, by a company that already has the power and money but is greedy for more.

Our children are threatened with the loss of two days school each week on account of this monster, but that's alright. If these kids come up short we can go on accusing them of being irresponsible brats, but Mr. United Gas, our only gas supply, will cut off all our supply if we don't keep on paying what he wants.

With the leadership of our mayor, apparently we, the people of Bay St. Louis went all out in January in support of the "supposedly" energy shortage, even though we were already rationed to the amount equal to what we used in 1972. Unfortunately, according to published statistics, we are moving along at a very slow pace but I am sure that everyone will agree we are in need of more gas today than we were using six years ago. To add more hardship, the city has been notified we are going to have another 33,000 cu. ft. per day taken away for the balance of February.

That is still not too bad, we will still get 1,691,000 cu. ft. per day "without penalty." That is still bearable. For March we have been cut back to 836,000 cu. ft. per day, a cut of over 50 percent. Unless winter ends the last day of February it is probably an impossibility to stay within this assessment.

Now this is where we have to lay down for the "10 count must system." Mr. United Gas Company seems to be telling us that we can get all the gas we

## More letters on page 8A

want "if" we pay a \$5.00 per thousand cu. ft. penalty on all in excess of the above mentioned allowances. He also tells us that the gas we didn't use in January at \$157.5, city cash, per thousand cu. ft. we can still have it along with our present allowances but it is going to cost us \$5.00 per thousand cu. ft. more. That is an extra profit of over 300 percent for energy we gladly saved the country in January.

Any takers at that rate??  
I have a few dollars I would like to invest.

311 Carroll Ave.  
Bay St. Louis

## Churches preferred

Dear Sir:

I am writing this letter concerning a youth center in Bay St. Louis. I live in the area where the proposed youth center is to be located. I agree with the majority of people in this area, that a residential area is not the proper place for a youth center.

I have three youths in my home (ages 14 to 20) and they are active in church. The churches in the Bay-Waveland area are capable of offering plenty of activity for all youth concerned, plus religious training and counsel.

Yours respectfully,  
B.D. Kennedy

## Progress -

## but not change!

Dear Sir:

We're all for progress, just don't change anything in the process.

A rather contradictory statement isn't it?

But this seems to be the attitude the people of Bay St. Louis have everytime a project of importance is placed before them.

that all wanted and agreed we needed but just don't want in their area.

Now we're faced with the same problem concerning a Youth Center.

Doesn't anyone realize that these projects were not proposed to invade on anyone's privacy, in fact, both proposals would greatly benefit the whole community. The apartment complex no matter where built would allow everyone the opportunity to expand and it will also help house the people that the new industries being built will bring in.

## A TRIBUTE TO A LADY

Rebecca Baxter Seal during her life time gave fully of her time, talents and great energy in making life richer for the peoples of Hancock County. Her long time neighbor and close friend, Katrina McDonald pays a well deserved tribute to the memory of this lady in her by-line article to appear in Our Heritage edition. Publication date May 28. If you have suggestions or photos of historical interest, please call Joe Pilet at 467-5551. Thanks.

## Stennis assumes new role

Senator John C. Stennis today announced that he will assume the chairmanship of the Defense Appropriations Subcommittee, a position formerly held by the late Senator John McClellan of Arkansas. Prior to today's action Senator Stennis served as chairman of the Public Works Appropriations Subcommittee.

In announcing the move, Stennis said, "Over the past several weeks, I have given this matter very careful, personal attention. I will become chairman of the Defense Appropriations Subcommittee but will, of course, continue as the ranking Majority member of both the Public Works and Agriculture Appropriations Subcommittees, all subcommittees of the utmost importance to Mississippi and the Nation. For my part, I am extremely fortunate and honored to serve on these subcommittees, where I can be chairman of one and remain personally and actively involved in the others."

I will continue to give close personal and active attention to proper funding for flood control, navigation and other public works projects in Mississippi, as well as all of the agricultural programs so important to our State."

Stennis is also the Ranking Majority Member of the Full Senate Appropriations Committee.

## Kiln FD...

(Continued From Page 1A)

project like this started any cheaper than today," Frisbie said.

"The day of the private well is coming to an end, they're just too expensive," the attorney added.

"Public support is absolutely essential to the success of the district," Frisbie emphasized.

He said former State Representative James Rester would also attend the meeting.

The district, born out of the former Kiln Volunteer Fire Department, has received tentative approval of a \$350,000 loan from FmHA, and is seeking an additional \$300,000 grant from the federal agency to cover an estimated system total cost of \$650,000.

The district encompasses some 10,000 acres bounded on the north by Cuevas Junction; on the south by Interstate-10; on the east by Rotten Bayou; and on the west by Jourdan River Oaks.

(Continued From Page 1A)

specially those people who had to move out. This promise did not materialize and has still not materialized.

"We deserve special consideration," Cole, in recap of his company's decision to settle in Picayune said it had been their original intent to move into trailers on the site, but when this had proved impractical they had searched the surrounding area for space.

Picayune had the only available building suited to their needs. Other questions and responses centered on:

- What principal method of shipping finished product will be employed?

Primary method, under normal circumstances, will be by truck (with the possibility of rail shipments), with air-lift feasible in time of emergency - here Stennis International Airport would be utilized;

- Does the Army intend to black top Texas Flat Road through to and inside Buffer Zone?

Not at this time;  
-What use will be made of East Pearl River and would such use involve cutting of separate canal?

Study being made to ascertain economical use factors with barge traffic likely for movement of steel in initial and scrap forms, no new canal planned.

-What hazards are involved?

Produce will not be stored on site but shipped almost immediately to storage facilities elsewhere, or to ships or units.

Product awaiting shipment will be stored in bunker facilities (igloos), until loading. Buildings will be separated throughout the location by a "quality distance factor."

-Can local contractors bid on work?  
-Contracts split to limit some to small business probably suited to local contractors. All should contact Corps of Engineers in Huntsville to get on bidder's list.

## DuDe RR...

(Continued From Page 1A)

is being used to finance the line which will be used to haul limestone ore from the Port of Gulfport to the plant.

An environmental impact statement filed last year by the Interstate Commerce Commission warned some of the ore may spill in offloading from ships and blacken area beaches.

Save The Bay has also expressed concern that planned industrial development in addition to the Dupont plant along the DuDe Railroad will devastate delicate wetlands in the area.

# Stennis assumes new role

John C. Stennis today announced that he will assume the chairmanship of the Defense Appropriations Subcommittee, a position held by the late Senator John L. Stennis. Prior to today's announcement, Stennis served as chairman of the Public Works Appropriations Subcommittee.

During the move, Stennis said, past several weeks, I have been very careful, persistent, I will become chairman of the Defense Appropriations Subcommittee but will, of course, continue to serve as ranking majority member of both the Public Works and Defense Appropriations Subcommittees, all subcommittees of the Senate Committee on Appropriations.

For my part, I am extremely grateful and honored to be named to this position, where I can be of one and remain personally involved in the others.

Stennis said he will continue to give close personal attention to proper funding of defense projects in Mississippi, as well as the agricultural programs of the state.

## Armed robbers...

pounds, and wearing a black leather jacket, tan pants with a scarf around his neck. He wore a blue knit cap and scrubby beard, witnesses reported.

One of the culprits approached a lone cashier on duty at the store and at gunpoint demanded money, while the other pointed a pistol at an assistant manager of the store who was in his office.

The store employees told police the culprits then fled on foot around the west side of the store, firing one shot outside as they left.

Officers of the Bay St. Louis, Waveland and Pass Christian police departments, as well as Hancock County sheriff's deputies and Mississippi Highway Patrolmen set up road blocks on arteries leading out of the city after the incident, Williams noted.

Winn-Dixie employees told police two or three customers in the store were apparently unaware a robbery had occurred.

Later the same night, at approximately 3:30 a.m. Monday, Officers Albert Biehl and Wilbert Dorsey answered a burglar alarm at the Gulf Thrifty Drug Store in the Bay St. Louis Shopping Center.

Upon finding the drug store had been burglarized, Dorsey stood watch at the store while Biehl began to cruise the immediate area.

Some 20 minutes later, Biehl stopped to question occupants of a red Vega which had pulled up next to the Bay Royal Apartments where the driver extinguished the car lights.

When he removed the occupants and searched the vehicle, Biehl found a supply of pharmaceuticals as well as seven lids of marijuana, Chief Williams reported.

The drugs found in the car were later confirmed by owner Robert Wyatt to have been the ones taken from Gulf Thrifty Drugs.

Wyatt said quantities of Darvon, Darvocet, Artane and Cordran were taken from the store.

Charged in the incident are brothers Walter and Brian Debenport, 23 and 19 respectively, of 533 Carroll Ave., Bay St. Louis; Michael Barriughian, 18, and Rebecca Albright, 18, both of Gretna, La.

Walter Debenport and Barriughian are both being held in the Hancock County jail under \$20,000 bond; Brian Debenport is held under \$5,000 bond; and Rebecca Albright has been released under \$5,000 bond, the sheriff's office reported.

Mrs. Alberta Sinclair Butler, of Pass Christian, has been employed by the Southern Mississippi Planning and Development District's Area Agency on Aging as instructor for the Humanities Division of the Cultural Enrichment Program.

Mrs. Butler served nearly 28 years in the Pass Christian Municipal Separate School District, teaching all elementary subjects, high school English, and social studies. She also served as librarian and coordinator of curriculum materials. She received her AB degree from Wiley College, Marshall, Texas, and her MA from Columbia University, New York, New York.

She was founder and president of Community Health Services, organized for the purpose of making school corrections. The work of this organization has been replaced by Head Start.

As a member of Our Mother of Mercy Catholic Church, she is vice president of the parish council and is active in several community and civic organizations. Mrs. Butler, through her active life and interest in community affairs, is an asset to the program.

The Humanities Courses offered to the elderly through the Cultural Enrichment Program include "Images of Aging in Literature", being held at Miramar Nursing Home, and Dixie White House Nursing Home, and "Exploring Local History," being offered at the Hancock County Public Library.

All four are charged with burglary and larceny, and possession of more than one ounce of marijuana, police reported.

Preliminary hearing for the four has been scheduled for 7 p.m. tonight, Thursday, in the Beat Three Justice Court of Judge Lloyd Anderson.

Officers found entry had been gained to the drug store through the adjoining Office Lounge. The culprits smashed a hole in a concrete block wall between the two businesses with a maul, police stated.

Entry to the Office Lounge had been gained by breaking through outside siding and interior walls, police said.

Wyatt said his store previously had been broken into recently, with perpetrators breaking through the roof.

Chief Williams commended the swift actions of Officer Biehl in apprehending the suspects in the Gulf Thrifty burglary, and acknowledged assistance rendered in the case by the Waveland Police Department and the sheriff's office.

The third armed robbery suspect loose in Hancock County was last seen headed into Devil's Swamp about 4 p.m. Tuesday, according to Chief Deputy Ronnie Peterson of the Hancock County sheriff's office.

The man is wanted in connection with an incident earlier that day in St. Tammany Parish, La., in which two hitch hikers threatened their benefactor with brass knuckles, took his wallet and car, and headed into Hancock County, according to Peterson.

Earl Cox and Rayborne Silkwood spotted the stolen vehicle and gave chase, headed east on US-90 about three miles inside the state line.

The officers forced the car to a stop and apprehended one of the occupants. The other escaped into the adjacent swamp, where he was believed to be still at large at dark Tuesday evening when a resulting manhunt was called off.

Peterson said the apprehended suspect, identified as Howard M. Alford, 26, of New Orleans, waived extradition and was returned to Slidell by St. Tammany authorities.

An illegal gathering of drag racers and spectators Sunday afternoon on the Kilm-Delisle Road in Hancock County was broken up by deputies of Sheriff Sylvan Ladner's office.

The sheriff said some 37 tickets for obstructing traffic and illegal equipment were issued at the scene. Six vehicles were impounded, and a

(Continued From Page 1A)

warrant issued on a seventh which fled the scene, deputies said.

Deputies reported some 100 to 150 dragsters and spectators had completely blocked off the road. The crowd scattered upon arrival of deputies, the officers said.

The crowd was composed mostly of youth ranging in age from 18 to 25 years, the sheriff's office reported, with many believed to be Harrison County residents.

Deputies said the drag racing began Saturday and complaints from area residents were first received Sunday.

Bay St. Louis police, in addition, nabbed a burglary suspect outside the US-90 Frost Top about 2 a.m. Wednesday.

Chief Williams reported Officers Dorsey and Ray Murphy responded to a burglar alarm at the establishment and gave chase to a suspect seen fleeing from the area.

Williams said the man was apprehended by the officers and found to be in possession of two screwdrivers. Officers said the front door of the business showed evidence of an attempted forced entry.

Booked in the case is Perry C. Feigel, 20, of Rt. 2, Box 449, US-90, Bay St. Louis, Williams reported.

## UNICEF MEETING

Sheryl Manley, Assistant Director of the Southeastern Regional Office, U.S. Committee for UNICEF, will make a special presentation to UNICEF supporters in the Hancock County area. The public is invited to attend the meeting which will be held on February 20, Monday at 8 P.M. in Virginia Hall, Christ Episcopal Church, 912 South Beach, Bay St. Louis.

## Military Mention

PVT. MANUEL F. CHAVEZ

Private Manuel F. Chavez, son of Mr. and Mrs. Joseph A. Chavez of Bay St. Louis, was recently assigned as an infantryman with the 1st Armored Division in Erlangen, Germany.

Pvt. Chavez entered the Army in April of last year.

## Letters to the editor

# Youth gives opinion on center

By TINA PETERSON

There is a great need for a youth center in our community. There are many youths in trouble today because of lack of things to do at night, but get into trouble. I think if there was a youth center with pool tables, and ping pong tables, and other games for entertainment, and even dances for the various age groups, that the whole town would benefit. If we could have this, it would bring the crime rate in our community down.

By DAVID BYRAN

We should have a youth center in Bay St. Louis, because young ones complain about having nothing to do. Instead of driving and drinking most of the time, they could go to a youth center and play games such as a pool room, pin-ball machine, a swimming pool with life guards and maybe two teachers to teach the ones who do not know how to swim. The youth center should have and hope it would have a bowling alley and a tennis court. People who go there should be charged at a rate of \$5.00 a year to enter and pay also for an identification card to show he or she is legal to go in.

The problems we had before were very bad and if we go by the rule, we might have a good place to go to.

FRANK HESS

I believe that a youth center would be a great idea. The teen-agers would have a place that they could go to besides the bar. Most of the people around the Bay like to go somewhere and play pool or foosball. If you were able to find a place on the beach to put a youth center, it would most likely be better. If you could make it with age brackets it would be much better because people keep getting on others' nerves, when there are a bunch of little kids running around. And I would like it if once in a while there was a band to play.

GINGER MAURICI

I think it would be nice to have a youth center. It might stop the breaking in of stores if the kids have something better to do. But they will have to change curfew for night. I think the age group should be somewhere from 14 to 19.

There could be a room for pool tables, foosball, air hockey, pin ball machines. It would be nice to have a store there too, like at Buccaneer Park. They could have maybe tennis courts, and a nice juke box where all the games are. But the only problem is, if its by houses they might call the police for the noise.

I think it would be a nice idea to make a Youth Center. I hope it is successful and Good Luck.

CHARLENE HAYNES

In response to your letter, printed in Sunday's edition of the Sea Coast Echo, about the Youth Center, I believe it is a terrific idea. Certainly, things have to be considered, what are the restrictions, and what kind(s) of recreations are to be placed in the youth center for entertainment, etc.

Although, I am in favor of a youth center, I do believe it will be a failure. The youths would start to slowly demolish it, there will probably be a lot of fights and disagreements, and a lot of drinking and violence. If these things could be prevented, maybe the youth center would be a success.

Good luck in your future location and building of a youth center for the youths of the city of Bay St. Louis.

AIMEE SCAFIDI

The needs for the young are great and many. Before the Jaycees start building maybe they should see just how many of the young are interested. Then they would be able to see how many are really interested.

For now the Jaycees are just wasting time and effort. The whole idea of what the Jaycees are doing is nice. The idea just doesn't make any impression of working out for either the Jaycees or the young.

DAPHNE MITCHUM

I am writing this letter in reply to your article in the Sunday issue of the Sea Coast Echo. Our teacher informed the class about a Youth Center that is to be started here in Bay St. Louis. We had a discussion about it, and then she told us that if there were enough replies, maybe we could have a center. She also told us of the things needed in order to build one, such as a plot of land, and money to build it.

Well, sir, in answer to this, I must disagree. My reasons are clear that a Youth Center wouldn't be the thing to do. You would have to get many interested youths in our town to back this up, along with responsible adults to keep it going. Sir, I have seen good and bad youth centers. I feel that they are a waste of time and money. If you could get the money and responsible adults, and the youths to come to this center, it will work, otherwise...

My feelings could be changed if people would learn to discipline their children more. There are some children who want these centers to make friends; and then there are those who go for a good fight. I don't know what can be done for this problem but if there were a center, these things should be considered.

Thank you for your concern for the youth of Bay St. Louis.

PATTY SCHMIDT

I feel that some people would want a recreation center for the young but any born again Christian would not want one because there would be too much drinking, smoking, fighting, etc. that a Christian should not, and hopefully would not, be interested in. It would be good if there could be something profitable for the Lord in it so that they would get closer to Him, but this kind of center would not. Parents should love their children enough to want them to know Jesus and to walk with Him. They shouldn't try to make it easier for them to serve the Devil instead of God. They are in a bad enough condition already. If you would like to respond to my letter, please do. You have my address.

BUTCH KUHN

I don't think that I would like to see a recreation center built. In the past, the other ones always closed up. People abused this place. They don't keep it clean. They leave beer cans and broken glass on the ground. People race their cars around these places. Would you want your children around that? People just don't know how to act.

AUGUST OLIVER

I don't think we need a Youth Center because by the time it gets built I would be too old to go to it. If we do get one, hardly anybody would go to it because it wouldn't seem right to go there and not to Biloxi or Gulfport. If we had a Youth Center, it'll probably have a closing time and nobody would go there for sure if they could go to the Fiesta or the Claim. If we get one, people would not keep it clean and before you know it, it will be a dump. You can save money by not even attempting it.

CLAUDIA SMITH

I think that we should have a youth center in Bay St. Louis, not just for dances but for wedding receptions, plays and other activities.

I would let only the members have special privileges like that.

I don't think they should serve beer or anything because if they really wanted beer they could go to a store or bar.

There are a lot of people that want to have a good time but they can't if there are people there drunk and hanging all over you. I would really like a youth center.

If there was a way to let certain age groups in, it would be better. It is going to take a lot of work to get it organized, but if the people who want it would stand up and tell their opinion, we might be able to have one.

SCOTT R. THOMAS

I would like to give my opinion on the youth facilities you talked about in your editorial.

I think it would be good if it were run properly, and run by the town and not by a separate individual business to make money.

I think if you could stress that it would be run properly, that people would approve of it.

Most of the others were run wrong, and if a good clean one came, it would be good for the town.

SOCRATES LADNER

I was very interested in your editorial in Sunday's Echo. I believe the children in our community are in need of a recreation center. I think this would keep most of the kids off the streets and cut down on the crime rate, such as vandalism, the usage of drugs, speeding and drinking alcoholic beverages. In order to run this youth center a very responsible management should be hired. An ample personnel should manage the children's actions by counseling them and setting up some rules such as: no smoking and keeping the place clean.

A membership card would also help so a record could be kept of the members. Some of the things to do I can suggest are as follows: tennis court, basketball court, game room, swimming pool, bowling alleys, playground, a room for listening to music and a snack bar. This is just a few of the activities that could help make the young people's life in our community more enjoyable.

SHAWN ROMINE

This letter is in response to your editorial. Although I live in Pearlinton, I go to school at Bay High. I believe that Bay St. Louis needs a youth center because there isn't really much to do in the Bay except eating. Just look at all the new restaurants to have your favorite meals at and nothing to do afterwards. Most people don't have transportation or the money to go to Gulfport and its surrounding areas and that's why I believe that a youth center in conjunction with a Jaycee meeting hall would be a valuable asset to this community.

KATHY COX

I am responding to the editorial in the February 5th issue of the Sea Coast Echo. A youth center is a necessity to every community. It encourages young people to take their eyes off the television set and meet new people. If teenagers find an outlet for their Saturday night energy in the form of a local dance or a game of table tennis with friends, it may prevent troubleshooting out of boredom. As it is, local teenagers have to travel twenty miles for a decent date while a youth center would re-awaken their interest in their community, leading to more civic-minded adults in future years.

CATHY BOSLEY

In reply to your editorial in Sunday's paper concerning a youth center in Bay St. Louis, I would like to state my opinion. I feel a youth center in town would help the community and make a nice place for the young people to go. But this center should be well taken care of and I feel, supervised well. This center should have recreational facilities and games. These are the activities that I would like to participate in.

KATHERINE ROSS

I am writing in response to your editorial in the February 5th issue of The Sea Coast Echo. In that editorial you made known the fact that the Jaycees were planning a youth center - meeting hall for the benefit of the young people in Bay St. Louis.

I do not mean to be a trouble-maker, but I think that if you want to get a reaction from most of the people in Bay St. Louis, you should do another article on the youth center meeting hall in which you include more information. The information should an-

swer such questions as: Who will be able to go to the center? Where will it be? Will the center start programs for the youth, and if so, what type of programs? Will it sponsor meetings, organizations, or even dances for the young people? and finally, Just what will it be?

I hope that you get some interest aroused, for something for the youth of the Bay-Waveland area is desperately needed.

SHARON FROMMEYER

I am responding to your editorial on February 5. I am a senior at Bay Senior High and I think that we need a youth center to keep us entertained.

I am speaking mostly for the younger teenager. I think that they need something to keep them occupied and out of trouble.

I think the nicest place to have a youth center would be on the beach. With it on the beach then they could give sailing, boating, and skiing lessons.

I think the youth center is a good idea. I think it will help out our community.

BOBBIE JO LAFONTAINE

I would really like to see a youth center go up here again. Some place to go and dance, and play pool would be nice. The way things are now, you have to drive all the way to Gulfport.

There's not a thing here to do. Not even a good show. A good location would be on the Highway.

CONNIE BERNOS

I think a youth center is just what this city needs. I think there would be fewer kids on the streets and there may even be less vandalism. A youth center would give youths a place to go, instead of walking the streets and looking for trouble. This type of center would provide entertainment and places where the parents will be sure their children can have fun. This is what this city really needs!

CYNTHIA AINSWORTH

I would like to express my opinion on the column in the February 5th Sea Coast Echo on the youth center. I think that it would be a good idea to build a youth center here in Bay St. Louis.

I think they should build a center big enough for a dance floor and a game room. They should find a place to build this so the noise and music would not bother the people that might be around.

FRANK PERNICIARO

I read your editorial in the paper Sunday. I would think that a youth center would be the right thing to do. A good location to build a youth center would be on the beach. A good youth center should consist of pool tables, a dance floor, pin ball machines, and a popular band once in a while.

WILLIAM J. DELLIGATI, JR.

In response to your article in Feb. 5th edition of the Sea Coast Echo on the Youth Center, I believe a Youth Center would be just the thing needed in the Bay-Waveland area. I am 17 years old and find there is no place to go on weekends and I believe the Youth Center would keep teenagers off the streets.

MYRA HAYNES

I heard about your article in the paper. I think it would be a good idea. I think that in the Youth Center there should be

a room where people could rent to give parties. I also think that there should be a certain age set for students. I also think that all young people should pay for a membership card.

JOHN SEILEY

I would like to stress my opinion on a youth center in our community.

I would tend to agree with you on your article. I think a youth center would prove to be

### More letters Sunday

very beneficial to our teenagers. I think, kept up, the youth center would be very enjoyable. I know I, myself would enjoy this community.

JANICE INGRAM

The town of Bay St. Louis really needs some sort of recreational facility. It would be nice to have somewhere to go bowling, swimming, and dancing without having to waste gas going to another town for fun. After swimming, or any other activities, everyone will probably be hungry. So it's a good idea to have a snack bar. The refreshments should include such things as cokes, fruit juices, hot dogs, french fries, hamburgers, and assorted sandwiches. If we had a place like this, our town would become a much more interesting place to be. Then many kids wouldn't get into so much mischief.

Thank you for taking the time to read this letter.

## MIKE WON THE SHOWDOWN

After 21 day feeding program on

Purina Hi-O Startena,

Mike gained 27 lbs.!

Ike, on wheat shorts and corn

only gained 71/2 lbs.

Mike and Ike have now been moved to a larger feeding pen, and are both enjoying

### PUBLIC NOTICE

TO ALL PERSONS AND OWNERS  
INTERESTED IN THE  
FOLLOWING DESCRIBED LAND:

Section 27, Township 8 South,  
Range 15 West, Hancock County,  
Mississippi, containing 640 acres,  
more or less, in the Waveland Field.

Take notice that a 9:30 o'clock  
A.M. on March 15, 1978 in the Adams  
County Courthouse at Natchez,  
Mississippi, any interested person  
may appear and be heard in the  
petition of Saga Petroleum U.S. Inc.  
and Marshall R. Young Oil Co., now  
on file in the office of this Board  
under Docket No. 68-78-224,  
requesting that the interests of all  
persons owning or claiming any  
interest in the above land be in-  
tegrated and pooled in order that  
said land may be developed as a gas  
drilling and producing unit for a gas  
well at a regular location to be  
known as Prince J. Ladner, Jr. 27-1,  
in the Waveland Field, with Saga  
Petroleum U.S. Inc. designated  
operator of said unit, all as  
authorized by law.

The great variety Hawaiian Duo, Gerry and Lani, assisted by their friend, Betty Cacho, entertained residents of Gulfview Haven and the Senior Citizens Sat., Feb. 11 at the rest home.

Our compliments to Brother Canisius who coordinated this event and to the volunteers from Project Do for their cooperation.

In addition to their Hawaiian numbers, Gerry and Lani sang several country and western songs. Gerry's situation comedy throughout the show, made everyone feel at ease.

Opening with the Wedding Song, followed by Lovely Hula Hags, Hawaiian War Chant, Fire Dance, their rendition of I'll Remember You, a song written by one of the greatest song writers from Hawaii, Kui Lee, who passed away at age 35, brought tears to many of our eyes.

They switched to Country and Western music, singing Wabash Cannon Ball. They introduced their friend, Betty Cacho, who sang Rose of San Antonio and Kansas City. All present enjoyed the songs and predict a great future for her. The Duo's arrangements of The Civil War Medley Dixie and Battle Hymn of the Republic followed by Hana Magula, a Jewish folk song, received a great ovation from everyone, not only because of the songs, but due to the finesse of this duo.

Orchids were given to all the teenage volunteers from Project Do, who gave up a Saturday to help residents of Gulfview Haven Rest Home and the Senior Citizens have an entertaining afternoon. There are thousands of these young people throughout the United States who volunteer most of their leisure time, to various projects. Plaudits to all for their unselfish attitude.

**RECREATION**  
Eighty-five Senior Citizens had an enjoyable afternoon Monday at the Senior Citizens Center. The occasion was the February social. Gifts were presented to Michael Preston, Ward Rawhouser, Eulysse Cain, Olga Adam, Gladys Blake, Blanche Collins, Mabel Depero, Eunice Dunbar, Rita Marti, Celine Fairconeture, Andrew Dilly, Nina Garner, and Adeline Tritt.

A box of candy was presented to Ida Carter and Bertie Quinn for their Valentine presentation. Participating merchants were, The Flower Shop, Taconi's, Red Glo Ceramics, Anthony's Men Store, Delphi's, Sea Chest, Ramsey's, The Music Box, Lil' Ray's, Sears Roebuck and Co., and West Bros. Fire Shop. Many thanks to all of the RSVP volunteers who assisted me, Jewell Stratton, Eva Rühr, Cecile Gallivan, Catherine Dorman, Georgia Diebold, Julia Leidy, Joe Roppello, and Archie Diebold. A special thanks to you, Audrey Cret, who is not

quite old enough to be an RSVP member, but who is always extending a helping hand. To the 85 Seniors who attended our Social hour, I salute you for coming, see you all, the good Lord willing, on February 27, the Seniors Birthday Party.

## WAVELAND

The Senior Citizens Club held their February meeting Monday, Feb. 13. Ed Murtagh, reminded all Seniors to sign up for their homestead exemption.

After the meeting Seniors participated in a St. Valentine Day party. Refreshments consisting of homemade cakes and coffee were served. Extra added attraction was Ruby Life, pianist, Dr. Life, violinist, and Fred Horn, drummer, all members, playing the grand march and several dance tunes. Several Seniors tripped the light fantastic.

## ILLNESS

Wilma Miller, our horticulture instructor, was hospitalized Tuesday. We hope Wilma and all of our Seniors who are ill, have a speedy recovery.

## Pearlington VFD

to cut birthday cake on March 6

The West Hancock County Volunteer Fire Department (Pearlington) will be one year old next month.

To celebrate the event, special refreshments will be served at its March 6th meeting in the Community Center.

Two used tank trucks are now in service (having a combined capacity of 1500 gallons of water), and fire fighters are being recruited and trained to fight fires with this and the balance of the department's equipment.

Fire Chief Gene Murphy said this month the equipment had been made available through the efforts of Floyd Smith, advisory board chairman.

Murphy also told the February meeting that the number one priority of the group is the construction of a fire station adjacent to the Community Center.

He said the March meeting agenda would include the election of officers, the kick-off of the fire house fund-raising campaign, and membership drive.

Membership chairman Mrs. Betty Arnold, stated her committee is trying to contact all 1977 members for a renewal of subscription but persons who are inadvertently missed, or others wishing information may call 533-7104, or 533-7000.

## Rocks, Tigers play openers in baseball season Friday

St. Stanislaus and Bay High will both open their baseball seasons Friday with home games. The Rockchaws meet Notre Dame at 3:30 on the diamond adjacent to Rock-a-chaw stadium while Bay High plays West Lauderdale at 7 p.m. at Tiger Field.

The Bay High Tigers have five returning seniors, three junior, eight sophomores, and eight freshmen to round out their squad. A 27 game varsity schedule has been drawn up for the Tigers, as well as a 16 game B-Team line-up.

"Our strong point will be pitching this season," commented Coach Claude Yarborough. Returning pitchers include seniors Frank Henry, Blaine Thomas, and Ricky Manieri, and junior Dwayne Lafontaine.

For hitting Coach Yarborough plans to turn to seniors Frank Perniciaro, Roy Ruhr and Ricky Manieri, juniors Lafontaine and Kevin McCaleb, and sophomore Scott Davis.

"We have a lot of young players," Yarborough added. "This will be the first year for twelve boys. The 16-game B

schedule will give the young guys a chance to get some experience."

St. Stanislaus has only two returning seniors, Greg Hammer and Todd Edwards. Five juniors, seven sophomores, six freshmen, and one eighth grader complete the Rock-a-chaw roster.

"We have few real strong points. Our team is still young and not very experienced," commented Fred Weems, SSC baseball coach. "We do have several good pitchers and the entire team hustles and works hard."

Scott Cox, sophomore, pitched seven winning games last season. Juniors Kerry Corr and Kerry Geroux also serve as pitchers.

"There are no really exceptional hitters on our squad, but two or three are consistent hitters and most of the boys have good speed," Weems said. "Our defense is also very strong. We work on fundamentals mostly and the kids try to play the game the right way. We are looking forward to a good season."

**SLIDING INTO THIRD**—A Bay High player goes sliding into third as the St. Stanislaus baseman looks for an outfield throw. The Tigers and Rock-a-chaws staged a practice game Monday afternoon at Tiger field.

### sports shorts

#### LSU TRACK MEET

Louisiana State is hosting Northeast Louisiana, Memphis State, and Mississippi State in an indoor track meet, Saturday in Baton Rouge.

#### MSU MEETS KENTUCKY

Mississippi State travels to Kentucky Saturday for a rematch against top-ranked Wildcats. The Bulldogs are in the second place in the SEC, with a 9-3 conference record, right behind Kentucky, with its 10-2 showing.

## Hawks "Stoned" in Class A semi-finals by No. 1 Tomcats

By SHARON WALLS

In a nip and tuck contest Hancock North Central's boys were edged out of the race in the District VIII Class A competition by Class A champs Stone County, 77-76, in semi-final action Friday in Brooklyn.

Pat Necaise, a senior, netted a basket and two free points for the Hawks' only score in the first three minutes as Stone County pulled away, 10-4. In the following minute and a half, David Ladner sank a jump shot, Alan Dedeaux netted two points from the corner, and Necaise got another basket to bring the Hawks within two points of the Tomcats.

Tomcat Richard Howze scored a basket, quickly offset by two points from the foul line by Necaise. A free-shot from Mitchell Hart, and two baskets from Steve Johnson rounded out the score for Stone, ending the first quarter, 17-12.

Dean Shaw opened the second period with two points on a steal by Hawk Mark Ladner. A foul by Ricky Stone sent Necaise to the line for two more points to bring North Central within one point of the Tomcats. A basket from Hart edged Stone out ahead by three, but the Hawks came right back with a goal by Barry Arcement on a fake under the basket. One of two from the line by Necaise tied it up 19-11.

The two teams stayed neck and neck through out the rest of the half, tying the score at 25-all with 2:40 in the half, and again at 29-all within 45 seconds of the bell. Howze netted a basket from the corner and Johnson got two from the line to end the half in Stone's favor, 33-29.

The Hawks tied up the game three times in the third quarter. The first came on a basket by Arcement following a steal by Dedeaux, 37-37, with

five and a half minutes left. Johnson netted two points for Stone, then Necaise retaliated with two on a jump shot, to make the score 39-39. With 1 minute in the period, Arcement stopped a Stone rally with two quick baskets, one from the lane and another from the corner. Shaw followed with a jump shot to tie it up again 45-45, with 46 seconds in the third.

The Tomcats came on strong to finish the third, with Hart opening the action by netting two points from the corner then one free shot. Arcement sank one for the Hawks. Howze came back with one from the corner, giving Stone a three point lead, 50-47, as the final set began.

A foul by Weathers sent Arcement to the line for two points for Hancock, making the tally, 65-57. The Tomcats followed with another basket and one point from the line. Dedeaux contributed a net

## The Sea Coast Echo

"THE VOICE OF THE SOUTHWEST MISSISSIPPI GULF COAST"

### sports

SEA COAST ECHO-THURSDAY, FEBRUARY 16, 1978-1B

**HEADED FOR SOUTH STATE**—The Hancock North Central Hawkettes display the banner they won in last year's South State tournament. As District VIII Class A champs, the Hawkettes will be aiming for the top slot in the South State as this year's tournament gets underway in Morton. Hancock opens against Waynesboro Thursday night.

## Hawkettes take Class A title over Pass, Stone

The Hancock North Central girls won the District VIII, Class A, title by defeating top-seeded Stone County Saturday in Brooklyn, 46-23.

The Hawkettes advanced to the finals by downing Pass Christian, 46-32, in the semifinals.

In a runaway first half, HNC racked up 31 points while allowing the Stone County girls only 12. In the third quarter, Stone County scored only two points to the Hawkettes' 13. Hancock's second line-up went into action for the final set, scoring only two points but holding the opposing team to eight.

Stone County sank seven field goals in the game, compared to HNC's 19. Sheila Ladner led the offense for Hancock with 22 points, followed by Joye Nell Lee with 11. Both girls were named to the All-District girls' team.

The Lady Pirates of Pass Christian faced Hancock's girls for the fourth time this season in the semi-finals Friday night. The Hawkettes had taken two of the first three contests.

Sheila Ladner and Shelley Dedeaux each netted 12 points for HNC, while Joye Nell Lee added 10. Robin Roberts sank 17 points for Pass Christian.

## DISTRICT VIII CLASS A ALL-DISTRICT PLAYERS

**PEARL RIVER COLLEGE'S WILDCATS** competed in the Mississippi Junior College South Division Basketball Tournament this week at Co-Lin Junior College in Wesson. Members of the 1977-78 squad are: front, Richard Garner, Sumrall, Marty Lee, Garriere, Jeff Cross, Baton Rouge; Louis Smith, Bay St. Louis; Tim Green, Pearl; Carroll Gaddis, Sumrall; standing, C. tech Charles Rea; Ernest Harris, Hattiesburg; Tammy Holder, Hattiesburg; Brian Ladner, Hancock; Kevin Stonder, New Orleans; Elton Brown, Poplarville; Melvin Oatis, Hattiesburg; Daryl Harrison, Hattiesburg; Alvin Hinton, Poplarville; and manager George Smith, Columbia.

## Women's growth opportunity is Delta State seminar theme

"Growth Opportunities for Women" will be the topic of a five-week seminar planned by the Delta State University Adult Advisement Center, Cleveland.

Jo Willa Ross, director of the DSU Adult Advisement Center, said the first session will begin Feb. 20, with the final meeting planned April 3. The first four sessions will last from 6:30-8:30 p.m. in Room 302-A of The Union, with the final meeting having a split session. A 3:30 p.m. meeting April 3 will be followed by a 6:30 session that night.

Ms. Ross said the series is being initiated due to "a national concern for women with unidentified skills to discover these skills and to

transfer them into productive, profit producing situations."

"At various stages in a woman's life, she is often forced to tackle the job market with no training or knowledge of procedures to follow for gaining employment," Ms. Ross added. Conducting the five sessions will be members of the Delta State University staff and Lt. Jim Bullard of the Memphis Police Department.

Dr. Roger Wilde, director of counseling and testing, and Ms. Mary Alice Cates, his assistant, will conduct the first session, which will emphasize self identity and personal worth.

"Tackling the Job Market" is the topic of the Feb. 28 meeting, which Ms. Patricia Robinson, instructor in business at DSU, will conduct.

Ms. Robinson will present the proper techniques in giving interviews and completing applications.

Dr. Vagn Hansen, professor of political science at Delta State, will offer explanations of women's rights, the Equal Rights Amendment and Title IX during his discussion of "Women and the Law" March 6.

The fourth session, March 13, concerns "Women: Coping with Stress" and will be conducted by Dr. Wilde. He will discuss the Bio-Feedback Process and other techniques for dealing with stressful situations.

The final session April 3 will deal with "Women and Self Protection" and will be conducted by nationally known Lt. Jim Bullard of the Memphis Police Department. Two sessions of the final meeting are planned.

Persons who would like more information about the series, "Growth Opportunities

for Women," should contact Jo Willa Ross at the Adult Advisement Center, Box 3322, Delta State University, Cleveland, MS 38733, phone 846-7137.

## Storms to bear men's names in '79

Beginning next year tropical storms and hurricanes will be named after men as well as women, says Mr. Karl Johannessen, chairman of the 32nd Annual Interdepartmental Hurricane Conference held here recently.

Johannessen, deputy director of the National Oceanic and Atmospheric Administration (NOAA), said the new list of names were chosen at random. The names represent the three main languages in the Atlantic and Caribbean region affected by hurricanes: English, French, and Spanish.

"This change will affect mainly the people in the (hurricane) area. The scientists can live with any name, really; what's important is that storm warnings are readily understood by the citizens under that storm watch or warning," Johannessen stated.

The 53rd Weather Reconnaissance Squadron was host for the Keesler hurricane conference with representatives attending from the Department of Commerce, Department of Transportation and the Department of Defense.

Also discussed at the conference were air traffic control responsibilities and communications.

A decision was made to equip one Air Force plane with a satellite data link system which, "will drastically reduce the time it takes information to get from the reconnaissance plane to the hurricane forecasters."

The three-day conference staged at Scott AFB, Ill., ended with a presentation of the Department of Commerce Public Service Award to the three weather reconnaissance units based here.

JOAN DICKINSON

## Miss Dickinson selected to go to Washington

Joan Dickinson of Our Lady's Academy, Bay St. Louis, has been selected by the faculty and administration of that school to attend the Washington Workshop, March 5 through 12, according to Michael Ryan, principal.

Sponsored by the American Legion Auxiliary, Bay St. Louis, Post 139, Miss Dickinson is the daughter of Mr. and Mrs. Charles B. Dickinson of Bay St. Louis.

Miss Dickinson is treasurer of the National Honor Society and the Spanish Honor Society, a member of the OIA volleyball and tennis teams, a member of the Society of Distinguished High School Students, and listed in Who's Who Among American High School Students. A member of Project Do, she is a CCD instructor.

SSC SCIENTISTS AND MATHEMATICIANS show evidence of wins at State Mathematics and Science Fair recently in Clinton. Team members are, from left: Philip Schmidt, Danny Hayden, Bill Kergosien, Randy Santa Cruz, Peter Bernheim, David Chaffe, Philip Mueller, Steven Johns, James Triffilly, chairman, SSC's science department.

## St. Stanislaus ranks first in math, science competition

St. Stanislaus of Bay St. Louis placed first in oral competition in the State Science and Mathematics Tournament recently, sponsored by Mississippi College, Clinton.

Students participating in the oral event were Bill Kergosien, captain, Danny Hayden, Philip Mueller, and Stephen Johns.

A total of 78 schools from throughout the state participated in the competition which was based on written examinations and oral team competition in mathematics, biology, chemistry, and physics.

In the finals of the oral competition SSC defeated Jackson Prep for the championship.

For their achievement the team was awarded a plaque and each of the team members received a \$25 savings bond.

## Vets party is auxiliary topic

Plans for a veterans party in April were discussed at the Feb. 13 meeting of American Legion Auxiliary Unit 139 held in the American Legion home.

Mrs. Clayton Thompson, president, conducted the business session. Mrs. Levena Russ and Mrs. Gerry Benigno hosted the social hour.

The next meeting will be Monday, March 13.

Awards were also presented to students who scored in the top ten percent in the state in written competition.

St. Stanislaus' winners were: Stephen Johns, math and biology; Danny Hayden, chemistry and math; David Chaffe, chemistry; Philip Schmidt, biology.

Philip Mueller placed first in the state in chemistry and received a \$1000 scholarship. Mueller also placed second in the state in math and received a \$500 scholarship.

James Triffilly, chairman, science department, SSC, accompanied the students to the state competition.

## DAR sets February as history month

BY JOE PILET, DAR The entire month of February has been designated as American History Month, under the sponsorship of the National Society Daughters of the American Revolution.

Students in schools throughout the country are invited to participate in an essay contest. The subject is "Growing Up In Colonial Times."

In researching for the essay students have discovered that Paul Revere, in addition to being a great patriot, was a dentist, an engraver and inventor of the first roll sheet copper. They are learning what women and girls did during Colonial times, how corn was used as a means of trading as well as rationing for Military forces. Professions and trades of Colonial times are researched. Items, such as sugar shears, used to cut from a nine pound sugar cone the needed daily sweetening, are being identified in museums.

The goosequill pens and other items of the schoolmaster's desk have become interesting curiosities. They are learning that ink was made from vinegar, water and "ink powder!"

Games played by Colonial children have carried over and while rare in this area, marbles, tops, May pole dances, hop-skotch, and leap frog, still have a place in our Americana.

Interesting, too, is the origin of the word "Blackboard." In Colonial days a pine board painted black was a necessary part of school equipment. Later slate was used in some schools.

Daughters of the American Revolution invite all Americans to reflect during the month of February on the sacrifices made by our early settlers which helped to build America. Ours is a great heritage and a freedom enjoyed by no other country in the world.

## Keesler to mark Black History

Keesler is gearing up for this year's Black History Week celebration with plans for cultural and ethnic events scheduled from Feb. 19 through 25.

Festivities begin with a soul service in Chapel 3, led by Reverend Jesse Trotter of the Macedonia Baptist Church in Ocean Springs. The church's choir will also be participating in the Feb. 19 service.

On Feb. 22 there will be a luncheon at the Non-commissioned Officers Club. Guest speaker for the luncheon will be Bishop Joseph

Lawson Howze, bishop of the Biloxi Diocese.

The Black musical "Purlie" will begin playing Feb. 23 at the Arnold Hall Recreation Center. A reception is scheduled for visiting Ebony Magazine fashion models at the Noncommissioned Officers Club Feb. 24.

Other activities scheduled for the week include an arts and crafts show near the main base exchange, musical performances, special displays at the Keesler dining halls and the base library, and a feature film at the bas theater.

## who's new

Mr. and Mrs. John Stephen Scianna of La Porte, Tex., announce the birth of their first child, a son, John Stephen, Jr., Feb. 2 at Texas Women's Hospital, Houston, weighing eight pounds.

Mrs. Scianna is the former Debra Ann Langenbacker, daughter of Mr. and Mrs. Frank Langenbacker of Waveland.

Paternal grandparents are Mr. and Mrs. Charles Scianna, Bay St. Louis. Paternal great-grandparents are Mrs. Inez Blaize Favre, Bay St. Louis, and the late A. G. Favre, and the late Mr. and Mrs. John Scianna.

Maternal great-grandparents are the late Mr. and Mrs. Ferdinand Ramond and the late Frank Langenbacker.

## Echoes

A warm welcome to the Harold Masson family living on St. Joseph's Street in Waveland and formerly of New Orleans.

Wishes for a speedy recovery go to Jay Triche who suffered a broken leg in an accident during the Mardi Gras celebration.

Get well soon, Mrs. Frank Hille, a victim of flu.

Glad you're better, Ruby Bennett, after a long siege of the "bug".

Good to know Katrina McDonald is strong enough to participate in Hancock General Hospital Auxiliary activities again.

Mr. and Mrs. Charles Scianna and daughters Mary Ann, Danita, Linda, and Julie, spent several days last week in Texas where they were guests of their sons and daughters-in-law, Mr. and Mrs. Charles Scianna, Jr., and Mr. and Mrs. Kenneth Scianna in Pasadena, and Mr. and Mrs. John Stephen Scianna, and son, John Stephen, Jr., in La Porte.

Mrs. Frank Langenbacker of Waveland returned Sunday from a visit with her son-in-law and daughter, Mr. and Mrs. John Stephen Scianna, and son, John Stephen, Jr., in La Porte, Tex.

Guests of Eugene Davis on Thursday were his daughters Mrs. W. E. Folse of Collins, and Mrs. J. E. Folse, Slidell, La., his son-in-law and daughter, Dr. and Mrs. Ernest Potts, Metairie, La., and Miss Nettie Holleman of Hattiesburg.

Mr. and Mrs. R. V. Bienvenu were weekend guests of Mr. and Mrs. Ewell Playache in New Orleans.

Mrs. Gladys Niglatto, Mrs. Pauline Reid, and Mrs. Harris Boudreaux and son, Jerome, spent Mardi Gras day in New Orleans. While there they were guests of Mrs. Boudreaux's son-in-law and daughter, Mr. and Mrs. Dennis Johnston and family.

Larry Cox and David Fisher of Dallas, Tex., are visiting

this week with Larry's grandmother, Mrs. Clarence Randolph.

Mrs. Azalie Hale and Mrs. Sally Hollister of Pascagoula visited relatives Sunday in Bay St. Louis.

Louis Walle of New Orleans is spending a while with his brother-in-law and sister, Mr. and Mrs. J. D. Rutherford, Jr.

Weekend guests of Mr. and Mrs. Salvador Niglatto were Mr. Ann Dours and son Gary of Harahan, La.

Wade Von Antz of Mobile is spending this week with his grandparents, Mr. and Mrs. Russell Chapman.

William Mercier and son, William Jr., of Boyd, Wis., returned home Sunday after a visit with his brother and sister-in-law, Mr. and Mrs. A. C. Mercier.

Mr. and Mrs. Herman Yarborough and daughter, Patty, of Waveland, visited last week with their son-in-law and daughter, Mr. and Mrs. Gabe Favre, and children in Jackson, Miss.

Mr. and Mrs. Joseph Blaize spent last weekend in Houma, La., with their son and daughter-in-law, Mr. and Mrs. Gary Blaize, and sons Charles and Billy.

Mr. and Mrs. Rickey Saucier and son, Jason, of Jackson, visited over the weekend with his grandparents, Mr. and Mrs. Walter Saucier.

Mrs. Clarence Randolph spent last week in Poplarville with her sister, Mrs. Asa Hartfield.

Sunday guests of Mr. and Mrs. Albert Biehl Jr. were their sons-in-law and daughters, Mr. and Mrs. Ron Uhler and daughter, Stephanie, of Slidell, La., and Mr. and Mrs. Junior Lacke and children, Tanya, Chris and Daniel, of Chalmette, La. While here they celebrated Stephanie's fourth birthday. Joining them in the celebration were Mr. and Mrs. Albert Biehl, III, and children, Albert and Ruth, of Bay St. Louis.

FOR ABOUT THE COST OF A BUCKET OF BAIT, YOU CAN TELL A 10 MINUTE FISH STORY. BY LONG DISTANCE.

You can tell all kinds of tales to your old fishing buddy a thousand miles away. Just dial the 1\* way and talk for ten minutes for only \$2.44 plus tax. Any evening Sunday through Friday between 5 PM and 11 PM. These evening rates are lower than rates for long distance calls dialed during weekdays.

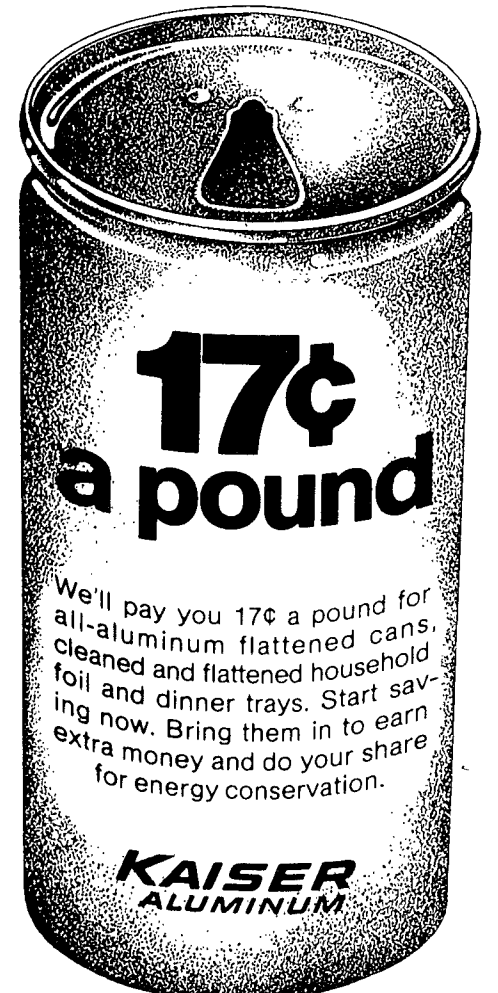

Call often. To keep in touch with the ones that got away.

South Central Bell

Long distance. What else is so nice for the price?

Low One-Plus rates do not apply to Zero-Plus dialed long distance calls. Low One-Plus rates do apply to station-to-station calls you dial yourself, talk to anyone who answers and bill to the telephone you are using, and on station-to-station calls placed with an operator where long distance dialing facilities are not available. Low One-Plus rates do not apply to operator-assisted calls such as person-to-person, coin, credit card, collect, and on calls charged to another number, including special billing numbers.

**PURPLE ORIENTAL CABBAGE**—Highlighting the winter gardening efforts of Mrs. Theodore J. Dittmar, 254 Pine Ridge Dr., Waveland, is a row of purple oriental cabbages. The Dittmar residence has been named February Garden of the Month by the Bay-Waveland Garden Club. (Staff photo-Edgar Perez)

**A BIG BOOST FOR COLEMAN AVENUE** is the way Mayor John Longo, Jr. of Waveland describes start of construction of city's first apartment building. Picaune contractor James Lee plans seven units in the townhouse concept of the site between the Waveland American Legion Hall and Coleman Avenue. Lee said the two-bedroom units will rent for \$250 per month on a lease basis. The development represents an investment of \$250,000, Lee said, and will be known as the Darlene Apartments when opened for occupancy sometime in April. (Staff photo-Edgar Perez)

## Ed Blake is guest speaker at Pass Garden Club meet

By MARYON W. SPILLMAN  
Recording Secretary  
The Pass Christian Garden Club met Feb. 2, at Trinity Episcopal Parish House.

After welcoming members,

### News of St. Clare's

**FAMILY MASS**  
CCD Family Mass will be at 9 a.m., Sunday, Feb. 19.

**BENEFIT DINNER**  
St. Clare's Parish benefit dinner will be Sunday, Feb. 26, from 11:30 a.m. to 1:30 p.m. in parish hall.

**LENTEN SCHEDULE**  
Lenten programs will be held every Tuesday from 1:30 to 2:30 p.m. and from 7:30 to 8:30 p.m. in parish meeting room at the convent.

**CONCERT SCHEDULED**  
Jazz trumpeter Maynard Ferguson and his 13-piece orchestra will perform, at 8 p.m. Thursday, Feb. 16, at The University of Mississippi.

the President, Mrs. R. Parnell McKay, asked Mrs. H. L. Hammett, Jr., to introduce the speaker, Ed Blake, Director of Information, Mississippi Farm Bureau Federation. Mr. Blake presented a slide-illustrated talk on Mississippi's wild flowers. A question period followed.

The president then asked Miss Marjory Knost for the invocation.

Following the secretary's and treasurer's reports, Mrs. David Sandlin talked at some length on the Wild Flower Garden, outlining some of the improvements which have been made, some which need to be made for both its enhancement and protection, and included a request for donations of indigenous plants and trees. To assure conformity, Mrs. Sandlin asked that she be advised before any plantings were undertaken.

Mrs. Haines asked for help with the plant sale on behalf of the Chairman, Mrs. William Harrison, and suggested members bring their plants and let people slip them. The president then announced the nominating committee composed of: Mrs.

Mary Brant, chairman; Mrs. Claiborne Rick, and Mrs. A. H. Morgan. The committee will present its slate of officers at the March meeting.

Mrs. Wamsgrams, chairman April Flower Show, said her committee of judges has not yet been finalized, but will be announced at the March meeting.

The meeting then adjourned to enjoy the refreshments prepared for them by the hostesses for the day, Mrs. C. Roland Martin, Mrs. Edward Dinkelspiel, Mrs. Virgil Giani, Mrs. Blanche Ellis, Mrs. McDonald Morse, Jr., Mrs. Wm. O. Rainnie, and Mrs. James Drury.

## Diane Martinolich named OLA STAR student

Diane Martinolich, daughter of Dr. and Mrs. A.K. Martinolich, Jr., has been selected as STAR student at Our Lady's Academy. Announcement of the honor was made this week by Principal Michael J. Ryan.

### Pay scale input is needed now

Since the summer of 1977 when the President's Commission on Military Compensation began its in-depth look at the current military pay and compensation system, including retirement, there has been a lot of talk by military and civilian people on what they are "going" to do.

The commission has until March 15 to have its recommendation on the President's desk, and those who are "going" to do something, have until then to make their views known.

The commission will make its recommendations based on what it has heard from witnesses testifying before its public hearings.

To those who are going to do something, but haven't yet — "It's time!" Write to: President's Commission on Military Compensation, 666 11th Street, N.W., Suite 520, Washington D.C. 20001.

DIANE MARTINOLICH

STAR teacher, chosen by Miss Martinolich as being the most helpful and instructive

towards her and her future, is Mrs. Bridget C. Cave.

Mrs. Cave received her Bachelor of Science degree in Business Education in 1973 and she has been a member of OLA faculty for three years.

A senior, Miss Martinolich is an active member of both the National Honor Society and Latin Honor Society. A member of the Society of Distinguished American High School Students, and listed in Who's Who among American High School Students, she is an officer of the Crescent Athletic Club and a member of the OLA volleyball team.

Her future plans include the study of pre-medicine at Millsaps College, Jackson.

MRS. BRIDGET C. CAVE

## 'T.R.' to visit Long Beach

Long Beach Junior High School's Social Studies and Civics classes have figured out a possible way to solve the Panama Canal issue. They've invited President Roosevelt, the builder of the canal, to visit the school and discuss the controversial issue.

Roosevelt, the old "Rough Rider" himself, will be at Long Beach Junior High School, Feb. 23, conducting Presidential Press Conferences throughout the school day.

"Reporters" for the press conferences will be students at the school, who have spent two weeks studying 'T.R.' and his era.

The students will be transported back in time to 1909, as the President holds his final day of press conferences before leaving office. They will ask him questions which they have prepared themselves; on turn-of-the century

DR. KINSEY STEWART, executive director, Gulf Coast Mental Health Center, has been installed as president of the National Council of Community Mental Health Centers headquartered in Washington. Others who attended the installations in Kansas City, site of the group's annual meeting, included, from the coast: Jeff Bennett, Winnie Piper, Nancy Kramer, Cathy Anderson, all GCMHC staff.

**NOMINATIONS SOUGHT**  
Nominations for The University of Mississippi's 1978 Outstanding Teacher Award, Oxford campus, are being sought from Ole Miss alumni, students and faculty members. The award recognizes excellence in teaching and includes a \$1,000 stipend, a personal plaque and recognition on a permanent plaque.

## THE STATE OF MISSISSIPPI HANCOCK COUNTY CHANCERY SUMMONS NO. 13,791

TO: Wanda Jean White Wittorf  
Address: Unknown after diligent search and inquiry.

You are hereby summoned to be and appear before the Chancery Court of Hancock County, Mississippi, on the Second Monday of June, 1978, to defend the suit No. 13,791 styled "JOHN HENRY WITTORF vs. WANDA JEAN WHITE WITTORF," wherein you are defendant.

Given under my hand and seal of office, this 6th day of February, 1978.  
(SEAL) John D. Rutherford, Jr.,  
Chancery Clerk  
Sheryl Cummings, D.C.  
2-6, 2-16, 2-23, 3-2-78

## PUBLIC NOTICE INVITATION TO BID STATE OF MISSISSIPPI HANCOCK COUNTY

TO ALL PERSONS INTERESTED IN THE FOLLOWING LANDS SITUATED IN HANCOCK COUNTY, MISSISSIPPI, TO WIT: All of Section 34, Township 5 South, Range 14 West, Hancock County, Mississippi, less and except 2.52 acres described as beginning at the northwest corner of said Section 34; thence south 5.02 chains; thence east 5.02 chains; thence north 5.02 chains; thence west 5.02 chains to the place of beginning; containing 640.0 acres.

Notice hereby is given that the Board of Supervisors of Lauderdale County, Mississippi, has authorized and invited the submission of bids to lease an undivided one-half (1/2) interest in and to the oil, gas and other minerals in, on and under the above-described lands for purposes of oil, gas and mineral exploration, mining, development and production. Formerly said lands constituted in lieu of school lands which had been properly selected and set aside in lieu of a 16th section situated in Lauderdale County, Mississippi.

However, said lands heretofore were sold and conveyed into private ownership, subject, however, to the exception and reservation of an undivided one-half (1/2) interest in and to all oil, gas and minerals therein, thereon and thereunder, which reserved undivided one-half (1/2) mineral interest still is owned and held in trust for the use and benefit of the educable school children in a township in Lauderdale County, Mississippi.

The Board of Supervisors of Lauderdale County, Mississippi, has prescribed the form of a proposed oil, gas and mineral lease covering said reserved undivided one-half (1/2) mineral interest; and has prescribed also the royalty to be retained by the lessor, the annual rental to be paid by the lessee, the primary term of the proposed lease, and all other provisions of the proposed lease. The only item subject to bid for the proposed lease is the amount of the bonus to be paid by the lessee. A true copy of the proposed lease form containing all the terms and provisions so prescribed by said Board of Supervisors is on file and available for inspection by any interested person in the office of the Chancery Clerk in and for Lauderdale County, Mississippi.

Any person interested in submitting a bid for the proposed lease hereby is notified and invited to file a sealed proposal therewith with the Clerk of the Board of Supervisors (who is the same person as the Chancery Clerk) of Lauderdale County, Mississippi, at his office in Meridian, Mississippi, on or before 10 a.m. o'clock a.m. on March 8th, 1978. All such proposals so filed will be opened by said Board of Supervisors at said time or as soon thereafter as is conveniently possible at and during a regular monthly meeting of said Board of Supervisors, and thereupon, subject to the approval of the County Superintendent of Education of Lauderdale County, said Board of Supervisors will award the proposed lease to the highest bidder in the manner provided by law and the rules of said Board.

Said Board of Supervisors reserves the right to reject any and all bids.

This 26th day of January, 1978.  
Board of Supervisors  
Lauderdale County  
Mississippi  
By: Billy Melton  
President

(SEAL)

Attest:  
By: M.B. Cobb  
Clerk of the Board of Supervisors of Lauderdale County, Mississippi

2-6, 2-16, 2-23, 3-2-78

The Board of Supervisors took up the matter of issuance of the Industrial Development Revenue Bonds, Series 1978, of Hancock County, Mississippi, in the principal amount not to exceed One Million Dollars (\$1,000,000). After a discussion of the subject, Supervisor Travica offered and moved the adoption of the following resolution: "RESOLUTION DECLARING THE INTENTION OF HANCOCK COUNTY, MISSISSIPPI, TO ENTER UPON AN INDUSTRIAL DEVELOPMENT PROJECT AND TO ISSUE INDUSTRIAL DEVELOPMENT REVENUE BONDS OF SAID COUNTY IN THE PRINCIPAL AMOUNT NOT TO EXCEED ONE MILLION DOLLARS (\$1,000,000) FOR SUCH PURPOSE AND DIRECTING THE PUBLICATION OF NOTICE OF SUCH INTENTION."

WHEREAS, the Board of

Supervisors of Hancock County, Mississippi, (the "Governing Body"), acting for and on behalf of Hancock County, Mississippi, (the "Issuer"), does hereby find, determine and adjudicate as follows:

1. The Issuer is a municipality as defined in Chapter 147, General Laws of Mississippi, Regular Session 1960, as amended, appearing as Title 57, Chapter 3 of the Mississippi Code of 1972 (the "Act"); and

2. On January 9, 1978, this Governing Body, as authorized by the Act, adopted a resolution making application to the Mississippi Agricultural and Industrial Board (the "A&I Board") for a Certificate of Public Convenience and Necessity (the "Certificate") authorizing the Issuer to acquire, own and lease a Project as hereinafter defined and to issue its industrial development revenue bonds to finance said Project; and

3. The A&I Board, acting by and through its duly authorized Executive Committee, did on January 26, 1978, order and direct the approval of the aforesaid application and did issue its Certificate No. 318R to the Governing Body of the Issuer, which Certificate authorized and empowered this Governing Body, acting for and on behalf of the Issuer, subject to the conditions therein set out, to adopt and publish a resolution declaring its intention to issue industrial development revenue bonds of the Issuer as authorized by the Act in the principal amount not to exceed One Million Dollars (\$1,000,000) to provide funds to acquire said Project and thereafter to lease said Project to Lloyd Kimbrough Moore, Jr., or his designee (the "Lessee") for the purposes hereinafter set out; and

4. In order to promote industrial development and to provide additional gainful employment for its citizens, the Issuer should declare its intention to issue industrial development revenue bonds of the Issuer in the principal amount herein provided.

NOW THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY, ACTING FOR AN ON BEHALF OF THE ISSUER, AS FOLLOWS:

SECTION 1. That this Governing Body, acting for and on behalf of the Issuer, does hereby declare its intention to issue Industrial Development Revenue Bonds of the Issuer in the principal amount not to exceed One Million Dollars (\$1,000,000) (the "Bonds") to provide funds for the purpose of defraying the cost of acquiring and industrial enterprise consisting of land, buildings, improvements, machinery and equipment (all of which together constitute the "Project") for the distribution of products of agriculture, mining and industry or other permissible products under the Act, and thereafter to lease the Project to the Lessee; provided that the Bonds shall be payable by the principal and interest solely from the revenue to be derived from the leasing of the Project, and neither the Bonds nor the interest thereon shall ever constitute an indebtedness of the Issuer, nor ever constitute or give rise to pecuniary liability of the Issuer or a charge against its credit or taxing powers.

SECTION 2. That the issuance of the Bonds in the amount and for the purpose aforesaid shall be authorized at a meeting of the Governing Body to be held at their usual meeting place in Bay St. Louis, Mississippi, at the hour of 10:00 o'clock a.m. on March 6, 1978, or at some meeting held subsequent thereto, unless on or before the aforesaid date and hour twenty percent (20 percent) of the qualified electors of the Issuer shall file a written protest against the issuance of the Bonds, in which event the Bonds shall not be issued unless authorized at an election on the question of the issuance thereof to be called and held as provided by law. If no such protests be filed, then the Bonds may be issued without an election on the question of the issuance thereof at any time within a period of two (2) years after the date hereinafter specified.

SECTION 3. That this resolution shall be published once a week for at least four consecutive weeks in the Sea Coast Echo a newspaper published in Hancock County, Mississippi, and qualified under the provisions of Section 13-3-31 of the Mississippi Code of 1972. The first publication of this resolution shall be made not less than twenty-one (21) days prior to the date fixed in this resolution for the issuance of said Bonds and the last publication shall be made not more than seven (7) days prior to the date aforesaid.

SECTION 4. That the Clerk of this Governing Body is hereby directed to procure from the publishers of the aforesaid newspaper the customary proof of the publication of this resolution and to have the same before this Governing Body at their meeting to be held on the date and at the hour set forth in Section 2 of this resolution.

Following the reading of the foregoing resolution, Supervisor Perdicaro seconded the motion for its adoption. The President put the question to a roll call vote, and the result was as follows:

Supervisor Courage voted: Yes  
Supervisor Davis voted: Yes  
Supervisor Perdicaro voted: Yes  
Supervisor Travica voted: Yes  
The motion having received the affirmative vote of all Supervisors present, the President declared the motion carried and the resolution adopted. This 6th day of February, 1978.

Drake, C.E., and on file in the office of the Clerk of Chancery Court of Hancock County, Mississippi.

Tract 2 - Lots 75 through 84 as per plat of Burnett's Subdivision of Lots 26 and 27 of the First Ward of the City of Bay St. Louis, made by E. S. Drake, surveyor, dated July 30, 1914, filed in the office of the Clerk of the Chancery Court of Hancock County, Mississippi, August 12, 1914, and appearing of record in Deed Book C-7 at page 286.

Tract 3 - Lots 9 to 11, inclusive, and Lots 20 to 23, inclusive, Block 9 of Avenue Subdivision, a subdivision of Lots 376 and 377, First Ward, City of Bay St. Louis, Hancock County, Mississippi, and Rear Lots 55 and 56 lying West of Lots 376 and 377, and extending back to the 40-arpent line, and which plat of subdivision was made by M. L. Ansley, Surveyor, and dated June 28, 1933, and on file and of record in the office of the Clerk of the Chancery Court of Hancock County, Mississippi, in Plat Book 1, page 60.

Tract 4 - Lots 9 to 11, inclusive, Block 10, Avenue Subdivision, a subdivision of Lots 376 and 377, First Ward, City of Bay St. Louis, Hancock County, Mississippi, and Rear Lots 55 and 56 lying West of Lots 376 and 377, and extending back to the 40-arpent line, and which plat of subdivision was made by M. L. Ansley, Surveyor, and dated June 28, 1933, and on file and of record in the office of the Clerk of the Chancery Court of Hancock County, Mississippi, in Plat Book 1, page 60.

Tract 5 - Lots 42 to 52, inclusive, all

of Boudages Subdivision, as per plat of record in Book 2, pages 93-94, as per the present official map of Bay St. Louis, the said lots are in the rear of the City of Bay St. Louis, situated in Hancock County, Mississippi.

Tract 6 - Beginning at an iron stake which is the Southwest corner of Lot 196, Third Ward, Bay St. Louis, Mississippi, as per official plat of said Third Ward, by E. S. Drake, C.E., dated May 1, 1923, and on file in the office of the Chancery Clerk of Hancock County, Mississippi, thence N 20 degrees 45' E 103.5 feet along the West edge of the former O.S.T. to an iron stake; thence S 70 degrees E 136.4 feet more or less to an iron stake; thence S 20 degrees 00' W 103.5 feet to an iron stake on the North line of Washington Street; thence N 70 degrees 00' W 133.3 feet to the place of beginning, said land being part of Lot 196, Third Ward, Bay St. Louis, Mississippi.

Tract 7 - Lots Nos. 23, 24 and 25 of Boudages Subdivision, Rear of the Third Ward, City of Bay St. Louis, Hancock County, Mississippi, in accordance with a plat made by E. S. Drake, C.E., and filed in the Office of the Clerk of the Chancery Court of Hancock County, Mississippi, on May 1, 1923.

Tract 8 - All of the littoral and aquatic rights to, or connected with, the below described property, being part of Lot 240, Fourth Ward, Bay St. Louis, Mississippi.

Beginning at a concrete post where the line between Lots 238 and 241, Fourth Ward, City of Bay St. Louis, Hancock County, Miss., intersects the North line of South Beach Boulevard; thence N 49 degrees 54' W 280.3 feet along the line between Lots 238 and 241 to a corner fence post; thence Southeastly 282 feet, more or less, along the meanderings of the East line of Bay Oaks Drive to the North line of South Beach Boulevard; thence N 63 degrees 09' E 96 feet to the place of beginning. Said land being part of Lot 241, Fourth Ward, City of Bay St. Louis, Hancock County, Miss., as per the present official map or plat of said city made by E. S. Drake, C.E., and filed in the office of the Chancery Clerk of Hancock County, Miss., on May 1, 1923.

Tract 9 - Beginning at a concrete post of the South line of Lot 241, Fourth Ward, City of Bay St. Louis, Mississippi, and which post is also the West corner of Lot 1, First Ward, Town of Waveland, Miss., thence South 56 degrees 07' East 44 feet to an iron stake on the South line of Lot 1, Town of Waveland, Miss.; thence N 20 degrees East 136.0 feet to an iron stake; thence North 70 degrees West 75 feet to an iron stake; thence South 20 degrees West 125.1 feet to the South line of Lot 241; thence South 70 degrees East 32 feet to the place of beginning. Said land being part of Lot 241, Fourth Ward, City of Bay St. Louis, Hancock County, Mississippi, as per the present official map or plat of said city made by E. S. Drake, C.E., and on file in the office of the Chancery Clerk of Hancock County, Miss.

Tract 10 - A certain lot of land situated in part of the SE 1/4 of the SE 1/4 of Section 26, Township 8, S.R., 14 W in Hancock County, State of Mississippi, and described as follows:

First: Beginning at a stake set at the northwest corner of a lot of land purchased by Philip Williams from A. F. Cameron on March 4, 1881, per deed recorded in Vol. H, pages 725-728, records of deeds of said county, which stake is on the south line of the Bayou of Gale Road; thence running along said south line of said road from said northwest corner, on an easterly course, 55 feet; thence between parallel lines 55 feet apart on a southerly course to the depth of 150 feet and being in the northwest corner of the land conveyed by A. F. Cameron to Philip Williams as aforesaid. Being the identical land conveyed by Edmund Anderson to Clarissa Anderson by deed dated May 25, 1903, recorded in Vol. A-5, pages 443-444, records of deeds of said county.

Second: Beginning at a point where the continuation of the western line of the above described first lot intersects the northern line of the continuation of Washington Street (Washington Avenue public road); thence westerly along said northern line of said public road, 169 feet to a point; thence northerly parallel with the above mentioned western line 258.65 feet to a point; thence easterly 169 feet to a point; thence southerly along said Anderson's land 247 feet to the place of beginning. Bounded on the east by the said first lot and land claimed by John Favre and south by Washington Avenue "public road". Being the same lot of land conveyed by W. D. Moon and wife by deed dated August 12, 1901, recorded in Vol. A-1, pages 321-322, records of deeds of said county.

Together with all and singular the rights, privileges, improvements and appurtenances to all of the above tracts belonging or in anywise appertaining.

You are summoned to appear before the Chancery Court of the County of Hancock, in said State on the Third Monday of February, A.D. 1978, to defend his suit No. 13,341 in said Court of Facade, Inc.

The same being a suit to quiet and confirm complainant's title to said land above described wherein you are a defendant.

This 24th day of January, A.D. 1978.

SAM FAVRE, JR., TRUSTEE  
2-9, 2-16, 2-23, 3-2-78

The Board of Supervisors took up the matter of issuance of the Industrial Development Revenue Bonds, Series 1978, of Hancock County, Mississippi, in the principal amount of Three Million Five Hundred Thousand Dollars (\$3,500,000). After a discussion of the subject, Supervisor Travica offered and moved the adoption of the following resolution:

RESOLUTION DECLARING THE INTENTION OF HANCOCK COUNTY, MISSISSIPPI, TO ENTER UPON AN INDUSTRIAL DEVELOPMENT PROJECT AND TO ISSUE INDUSTRIAL DEVELOPMENT REVENUE BONDS OF SAID COUNTY IN THE PRINCIPAL AMOUNT NOT TO EXCEED THREE MILLION FIVE HUNDRED THOUSAND DOLLARS (\$3,500,000) FOR SUCH PURPOSE, AND DIRECTING THE PUBLICATION OF NOTICE OF SUCH INTENTION.

WHEREAS, the Board of Supervisors of Hancock County, Mississippi (the "Governing Body"), acting for and on behalf of

Hancock County, Mississippi (the "Issuer"), does hereby find, determine and adjudicate as follows:

1. The Issuer is a municipality as defined in Chapter 147, General Laws of Mississippi, Regular Session 1960, as amended, appearing as Title 57, Chapter 3 of the Mississippi Code of 1972 (the "Act"); and

2. On January 3, 1978, this Governing Body, as authorized by the Act, adopted a resolution making application to the Mississippi Agricultural and Industrial Board (the "A&I Board") for a Certificate of Public Convenience and Necessity (the "Certificate") authorizing the Issuer to acquire, own and lease a Project as hereinafter defined and to issue its industrial development revenue bonds to finance said Project; and

3. The A&I Board, acting by and through its duly authorized Executive Committee, did on January 5, 1978, order and direct the approval of the aforesaid application and did issue its Certificate No. 317R to the Governing Body of the Issuer, which Certificate authorized and empowered this Governing Body, acting for and on behalf of the Issuer, subject to the conditions therein set out, to adopt and publish a resolution declaring its intention to issue industrial development revenue bonds of the Issuer as authorized by the Act in the principal amount not to exceed Three Million Five Hundred Thousand Dollars (\$3,500,000) to provide funds to acquire said Project and thereafter to lease said Project to Alcan Aluminum Corporation (the "Company") for the purposes hereinafter set out; and

4. In order to promote industrial development and to provide additional gainful employment for its citizens, the Issuer should declare its intention to issue industrial development revenue bonds of the Issuer in the principal amount herein provided.

NOW THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY, ACTING FOR AND ON BEHALF OF THE ISSUER, AS FOLLOWS:

SECTION 1. That this Governing Body, acting for and on behalf of the Issuer, does hereby declare its intention to issue Industrial Development Revenue Bonds of the Issuer in the principal amount not to exceed Three Million Five Hundred Thousand Dollars (\$3,500,000) (the "Bonds") to provide funds for the purpose of defraying the cost of acquiring an expansion to an existing industrial enterprise which expansion shall consist of machinery and equipment (all of which expansion constitutes the "Project") for the manufacturing, processing and assembling of electrical cable products or other permissible products under the Act, and thereafter to lease the Project to the Company; provided that the Bonds shall be payable both as to principal and interest solely from the revenue to be derived from the leasing of the Project, and neither the Bonds nor the interest thereon shall ever constitute an indebtedness of the Issuer, nor ever constitute or give rise to pecuniary liability of the Issuer or a charge against its general credit or taxing powers.

SECTION 2. That the issuance of the Bonds in the amount and for the purpose aforesaid shall be authorized at a meeting of the Governing Body to be held at their usual meeting place in Bay St. Louis, Mississippi, at the hour of 10:00 o'clock a.m. on February 21, 1978, or at some meeting held subsequent thereto, unless on or before the aforesaid date and hour twenty percent (20 percent) of the qualified electors of the Issuer shall file a written protest against the issuance of the Bonds, in which event the Bonds shall not be issued unless authorized at an election on the question of the issuance thereof to be called and held as provided by law. If no such protest be filed, then the Bonds may be issued without an election on the question of the issuance thereof at any time within a period of two (2) years after the date hereinafter specified.

SECTION 3. That this resolution shall be published once a week for at least four consecutive weeks in the Sea Coast Echo, a newspaper published in Hancock County, Mississippi, and qualified under the provisions of Section 13-3-31 of the Mississippi Code of 1972. The first publication of this resolution shall be made not less than twenty-one (21) days prior to the date fixed in this resolution for the issuance of said Bonds and the last publication shall be made not more than seven (7) days prior to the date aforesaid.

SECTION 4. That the Clerk of this Governing Body is hereby directed to procure from the publishers of the aforesaid newspaper the customary proof of the publication of this resolution and to have the same before this Governing Body at their meeting to be held on the date and at the hour set forth in Section 2 of this resolution.

Following the reading of the foregoing resolution, Supervisor Perdicaro seconded the motion for its adoption. The President of the Board of Supervisors put the question to a roll call vote, and the result was as follows:

Supervisor Courage voted: Yes  
Supervisor Keller voted: Yes  
Supervisor Perdicaro voted: Yes  
Supervisor Travica voted: Yes  
The motion having received the affirmative vote of all Supervisors present, the President of the Board of Supervisors declared the motion carried and the resolution adopted. This 9th day of January, 1978.

Alton A. Keller  
President  
Board of Supervisors
